Remains of Senator Hewitt Bostock to Be Laid to Rest Near His Monte Creek Home

MANY TRIBUTES ARE PAID HIS MEMORY

Emphasis Is Laid on His Devotion to British Columbia and Love of Agriculture

KAMLOOPS, B.C., April 29.—The remains of Senator Hewitt Bostock, Speaker of the Canadian Senate, who died at Monte Creek, near here, last night, will be interred in the little Church of England cemetery near his Monte Creek home on Thursday afternoon. Funeral arrangements were completed today.

Widespread regret was felt in all sections of Canada today at the passing of the popular speaker. Messages of condolence were received at the family home from Dominion and Provincial political leaders and from personal friends of the family from all parts of Canada.

Kamloops was in mourning for the death of Senator Bostock took away a personal friend of the residents of the district. His demise came as a shock to the majority of people here, as it was only a few hours before his passing that the Senator's condition became known.

MANY TRIBUTES PAID
Tributes were received from Hon. S. F. Tolmie, Premier of British Columbia, and Hon. T. D. Pattullo, Liberal leader in the Provincial Legislature.

Premier Tolmie declared that the province would greatly miss the services of the late Speaker. He said that Senator Bostock had done much for agriculture in British Columbia through his success as a cattle rancher.

"He was always ready and glad to do anything at Ottawa to promote the prosperity of the province," said the Premier.

COURT FINDS IN FAVOR OF STOCK FIRM

Mr. Justice Murphy Dismisses Suit by Rev. J. S. Patterson Against Branson, Brown & Co.

COUNTERCLAIM IS ALLOWED

Finding for Branson, Brown & Company, Limited, brokerage firm, on both the facts and the law, Hon. Mr. Justice Murphy, in a decision handed down in the Supreme Court yesterday, dismissed with costs the suit launched by Rev. John Smith Patterson, Presbyterian minister, against Branson, Brown & Company, Limited, for damages and an accounting.

His Lordship allowed the counterclaim of Branson, Brown & Company, Limited, for \$50,244.

Mr. Patterson, the plaintiff in the court action, sued the brokerage firm for the return of approximately \$10,000 in securities lodged as collateral for marginal wheat trading and for alleged loss of profits to extent of some \$30,000 additional.

THE JUDGMENT

The text of Mr. Justice Murphy's judgment is as follows:
I find the facts as follows: Plaintiff was carrying 63,000 bushels of Ontario wheat on margin which was expected on both sides to be maintained at approximately ten cents a bushel. Each drop of a cent a bushel entailed a loss of \$630. It was intended by both parties that

DEATH CALLS NOTED LAWYER OF MONTREAL

Mr. Eugene Lafleur Dies From Pneumonia After Short Illness, at Age of 74

VERY PROMINENT IN FAMOUS LAW CASES

(Canadian Press)
OTTAWA, April 29.—Mr. Eugene Lafleur, B.C., one of Canada's most distinguished barristers, died here shortly before 8 o'clock tonight from pneumonia.

Coming to Ottawa from his home in Montreal, the middle of last week, to conduct a case before the Supreme Court of Canada, Mr. Lafleur was stricken, and from the first there were grave fears that he could survive because he had not a robust constitution and was seventy-four years of age. However, for a time he seemed to be getting the better of the disease and even this morning he appeared to be on the mend.

EMINENT LEGAL MAN

Mr. Lafleur was prominently connected with most of the largest litigation which Canada has had in recent years. He was to have acted as the Dominion's representative on the board of arbitration which is to investigate the I.M. Alone dispute with the United States.

Death came very suddenly. Mr. Lafleur had been in fairly good spirits and had been able to take nourishment only a few minutes before he died. Shortly before 6 o'clock his heart failed.

With him at the bedside were his daughters, Mrs. J. Parsons, and Miss Violet Lafleur; his son, Gilbert, and the latter's wife, all of Montreal. His brother, Dr. N. A. Lafleur, also of Montreal, had visited him several times in the last few days, but was not present when death came.

Government Stands by Agreements Entered Into With Alberta and Saskatchewan

(Canadian Press)

OTTAWA, April 29.—The old school question, which agitated Parliament a quarter of a century ago when Sir Wilfrid Laurier was Prime Minister, came to life once more in the House of Commons today.

The bill which approved the agreement providing for return of the natural resources to the province of Alberta was before the House for second reading. It will receive further consideration tomorrow.

MR. CAHAN CRITIC
Mr. C. H. Cahan, Conservative member for St. Lawrence-St. George, who was one of the chief critics of the Manitoba bill yesterday, again took the floor. He addressed his remarks to both the Alberta and the Saskatchewan natural resources legislation.

"After a lapse of nearly a quarter of a century, I regret to see that in the express terms of the Saskatchewan agreement, and by the terms of the amendment to the Alberta agreement of which we have notice, the right to have even a half-hour's religious instruction after the close of the regular school is placed in the melting pot," asserted Mr. Cahan.

QUESTION OF RIGHT
"It is proposed by the enactment which is before this Parliament that the Government of Alberta or the Government of Saskatchewan,"

Governor's Niece Makes Bonny Bride

By THOMAS T. CHAMPION
Canadian Press Staff Correspondent.

LONDON, April 29.—A large number of prominent people filled Bromley Park Church yesterday afternoon, when Miss Helen Mackenzie, niece of Hon. Randolph Bruce, Lieutenant-Governor of British Columbia, was married to Mr. Julian I. Piggett, son of the late Sir Francis Piggett and Lady Piggett of Cowes, Isle of Wight.

Miss Mackenzie wore a bridal gown of parchment satin with tight-fitting bodice and high waistline, long tight sleeves, court train, and a matching veil that hung to the ground. She was attended by the Misses Madge, Katherine and Elizabeth Mackenzie, her sisters, and Miss D. Waldron, while Julie Piggett was a small bridesmaid and there were two pages, Michael Thomas, son of the bridegroom, and Lady Thomas, and John Denby.

The bridesmaids wore pale green moroccan, long dresses with high waists, fitted bodices, light-fitting sleeves and little bonnets. Mr. Francis Piggett, a nephew of the groom, was best man.

The service was conducted by Rev. F. H. Gillingham, a well-known cricketer. The church was decorated with white flowers.

The couple are to spend their honeymoon touring Scotland, afterwards making their home about three miles from Ascot, where a house has been built to the design by Mr. Piggett.

Sir Henry Thornton Hopes For Better Times

NEW YORK, April 29.—Business activity in Canada is steadily increasing, and normal conditions may again prevail by August, Sir Henry Thornton, chairman and president of the Canadian National Railways, declared upon his arrival here from Montreal. "Traffic on the Canadian National continues well below a year ago, but it is better than it was earlier this year. The present quiet period in industry, which followed the Autumn stock market decline, probably will prove to be only temporary," Sir Henry asserted.

"Mining activities in Canada are holding up substantially to last year's high levels.

"There are more than 100,000,000 bushels of grain in storage in Canada, which is substantially in excess of the amount in storage at this time last year. Despite these extraordinarily large stocks, movements of grain on our lines is slow.

Another Ohio Jail Is Threatened by Outbreak of Fire

CHICAGO, April 30.—Fire broke out early today in the House of Correction, which has a prison population of about 2,000. The blaze was extinguished quickly but prisoners were excited to high pitch and several detective squads were sent there to guard against disorders.

BLOOD FLOWS AS CONVICTS BREAK AWAY

New Outburst of Mutiny at Ohio Prison Only Quelled by Gunshots From Guards

CONTROL OF MEN IS DIFFICULT MATTER

COLUMBUS, Ohio, April 29.—Blood was spilled today in Ohio penitentiary, scene of disorders since Easter Monday night when a tragic fire took the lives of 320 convicts, as revolting prisoners made a mass attack on the barred doors leading from the white city jail house.

As if cowed by this first show of determination on the part of officials to put down the mutiny, the revolting prisoners quieted immediately, and tonight the situation was in control of the Ohio National Guard, the first time in a week that the authorities had all the prisoners under their domination.

Emboldened by the fact that they had disregarded all prison rules and orders for a week, the "passive resistance" convicts today decided to add to their defiance by attacking the Ohio National Guardsmen were planning to enter the cell block and force the convicts into submission.

CONCERTED RUSH MADE

The quiet of the penitentiary was broken when a score of the revolt leaders massed on the ground floor, made a concerted rush for the guard room door, through which they would have to pass to gain the outside. They threw clubs and other missiles, breaking the guard room windows. Warned to get back, the inmates then converged on the guard room and fired their shotguns sent a rain of bullets down the cell block runway.

Motor Cars Cause Many Deaths in Washington, U.S.

(Associated Press)
SEATTLE, April 29.—Automobiles took a total of twenty-three lives in the State of Washington during March, a report issued today by the State Department of Health here revealed.

Of the number more than half occurred in Seattle and Tacoma, there having been six deaths in each city. Wenatchee, with two, was the only other city in which more than one death was blamed on an automobile accident.

Other towns in which fatal accidents occurred were Rural, Humana, Olympia, Aberdeen, Hoquiam, Vancouver, Walla Walla, Yakima and Teda.

TO STAND TRIAL

PELLY, Sask., April 29.—Alex Legebroff, facing a murder charge, was today committed to stand trial at the Yorkton sitting of the Court of King's Bench May 6.

Legebroff is alleged to have struck his cousin, George Legebroff, on the head with a fencepost a week ago. Death followed the alleged blow.

Journalist Is Honored

ABOVE is a reproduction of a portrait of himself presented at the annual dinner of the Canadian Press last night, to Mr. J. H. Woods, until recently its president. Mr. Woods, one of the best known of Canadian newspapermen, is now president of the Canadian Chamber of Commerce, and is doing a great work in stimulating closer trade relations between the Dominion and the Motherland.

Mr. J. H. Woods Has Presentation Made Him by Journalists

TORONTO, April 29.—A notable feature of the Canadian Daily Publishers annual dinner here tonight was the presentation of his portrait to Mr. J. H. Woods, editor and managing director of the Calgary Herald, by his fellow members of the Canadian Press in appreciation of his recently concluded four-year term as president. The portrait is from the brush of Kenneth Forbes, the Toronto artist, and is an exceedingly good likeness of the well-known Canadian newspaper man and publicist.

Mr. John Scott, of The Toronto Mail and Empire, who succeeded Mr. Woods in office a year ago, in making the presentation, referred to the important contribution Mr. Woods had made to co-operative news gathering in Canada, being associated with the movement so far back as 1907 as a charter member of the Western Associated Press, then founded in Winnipeg, and active through the intervening years in the establishment and advancement of the present nation-wide organization.

Mr. Woods, in reply, gave an interesting account of some of the early struggles and spoke of the national value of the Canadian Press in bringing to daily newspaper readers in all parts of the country a comprehensive news picture of what was going on elsewhere.

The occasion gained interest from the fact that Mr. Woods will shortly sail for London in a dual capacity, as president of the Canadian Chamber of Commerce to attend the Empire gathering of these bodies next month, while in June, as chairman of the Canadian Section of the Empire Press Union, he will take a leading part in the quadrennial meeting of the Imperial Press Conference. Mr. Woods will address the Chamber of Commerce of the United States in Washington on Thursday.

INDIA HAS DAY OF RELIEF FROM RIOTS

(Associated Press)
BOMBAY, April 29.—With the unrest apparently subsiding in India today, no riots or sensational incidents being reported, Mahatma Gandhi took occasion at Bilimora to denounce "British dictation" in a statement on the revival of native press censorship law by the Viceroy.

"I hope tame submission to dictation from our British rulers has gone forever," he said. "Whether we realize it or not, we have been living under a veiled form of martial law for some days past."

DISLIKES CENSORSHIP
Gandhi said new provisions of the revised Press Censorship Act were "dislikeable."

Soviet and Poland Are In Dispute

MOSCOW, April 29.—The Soviet Government in a lengthy note to the Polish Government, dispatched yesterday, with regard to a bomb explosion on Sunday in the Soviet Embassy chimney, said that only an accident prevented its explosion and death to all its personnel.

The note declared that antisoviet activity occurring recently in certain circles in Poland and in the Polish press had for its object the creation of a rupture in relations between Poland and the Soviet Union.

Then are cited other "painful events" connected with Russian citizens in Poland, the note declaring, however, that the bomb incident of April 26 "acquires exceptional significance, being one of the elements of a widely conceived programme intended to provoke conflict between the Soviet Union and Poland."

The incident, it is declared, compels the Soviet Government to lay on the Polish Government responsibility for actual measures taken to put an end to such a dangerous situation.

Kaiser Endeavored To Kill Entente of France and Britain

Important War Documents Just Published Show Germany Attempted to Drive Wedge Between Two Nations—Britain Stood Firm on Obligations of Friendship With French People

Wanted England Neutral In Any War With French

By THOMAS T. CHAMPION
Canadian Press Staff Correspondent.

LONDON, April 29.—The sixth volume of the British official documents on the origin of the war appeared today, and culminates with Lord Haldane's famous visit to Berlin in 1912. The present volume is largely concerned with the attempts on the British side to attain some sort of naval understanding in the years immediately preceding the war. But if any Anglo-German naval agreement had been reached, it seems from the official documents that the German naval programme would have been practically unaffected, whereas the entente between Great Britain and France would have been seriously disturbed.

TRIES TO DRIVE WEDGE
Writing in 1907, Sir Edward Grey, famous British Foreign Secretary, summarized the attempts made to drive a wedge between Britain and France by the Kaiser, who had said that France had got a hornet's nest out of the Entente.

"Nobody," continues this twenty-three-year-old statement of Sir Edward's, "is more anxious than I am that our relations with Germany should be friendly, but they can only be so, as we have said more than once, on the distinct understanding that our friendship is not at the expense of France."

One of the documents now published shows that Captain Dumas, naval attaché at Berlin, reported that while hostility to Britain was being seriously cultivated in Germany, nevertheless an invasion of Britain was not regarded as a practical possibility. Sir Edward Grey comments on this, that the risk would be too great for Germany to take in cold blood, "so long as we have sufficient superiority of navy." Nevertheless it was a danger to be born in mind in all contingencies, he remarked.

An interesting note is attached by King Edward to a dispatch by Sir Fairfax Cartwright, from Munich. "If Germany ceases her extensive shipbuilding we shall do the same."

Patrolman Shot Dead By Thugs

(Associated Press)
SAN FRANCISCO, April 29.—Patrolman John Wesley Malcolm, veteran member of the San Francisco Police Department, was shot and killed on Pier 26 today by two bandits, who escaped with the \$4,000 payroll of the California Stevedoring & Ballast Company.

Malcolm, sixty years old and member of the police department for thirty-two years, was shot twice through the heart when he attempted to hold the men, following the robbery.

M. B. Murphy, paymaster, and Max M. Kahn, office manager for the stevedore company, had just driven up to the pier in a taxicab with the payroll when the two bandits stepped up, one on each side, with drawn guns.

"Don't open your mouth," one of the bandits said, "we want the money."

They escaped in a roadster, in which a third man at the wheel had waited for them.

Woman Is Head of Pirates Terrorizing China

PARIS, April 29.—Cables from Hongkong tell the story of 40,000 Chinese pirates operating under a system of strict military discipline, under command of a woman, Lai Chai San, who is known today as "the terror of China." In addition to a fleet of well-equipped war junks, which infest the rivers and coasts of China, Lai Chai San's troops make occasional raids in the interior, where they sack and loot cities, and entire districts. An exception is made of the dwellings of the poor, who are under the woman bandit captain's special protection.

The ships of Lai Chai San's war fleet are equipped with modern cannon and special devices for hooking and boarding trade steamers. The entire coastal region of South China, including the islands as far South as the French possessions in Indo-China, are considered the woman bandit's kingdom. Failure to pay the tribute, or hesitation to come across is immediately followed by ruthless reprisals. Shipping in the harbor is destroyed or confiscated and the most prominent citizens in the port community are taken away to be ransomed by their relatives and friends.

Australia Will Try to Increase Her Wheat Crops

(Associated Press)
WASHINGTON, D.C., April 29.—The United States Department of Commerce has issued a statement showing that the Government in Australia is attempting to promote an increase of wheat exports from that country.

"The Prime Minister urges the necessity of increasing exports," says the report credited to Mr. E. C. Squire, United States trade commissioner in Australia.

"He has started a drive to increase the area sown to wheat by a million acres, and he also favors a national wheat pool. Conditions of the crop are fair, it is somewhat dry, but the pastoral conditions are fully averaged."

The department report showed that the exports of wheat from Australia during December 1, 1929, to April 10, 1930, amounted to 30,500,000 bushels. During the same period last year the exports were 66,000,000 bushels.

TOURIST AUTO CAMP QUESTION AGAIN TO FORE

Civic Zoning Committee and Representatives of Other Bodies Discuss Issue at Conference

SEVERAL ZONING CHANGES SOUGHT

The advisability of allowing automobile camps to be established within the city limits was discussed yesterday by the members of the civic zoning committee and representatives of the real estate board and the tourist trade group of the Victoria Chamber of Commerce. Alderman William T. Strath, chairman of the zoning committee, presided at the conference.

Fear was expressed that the creation of auto camps would result in slum districts coming into vogue, although it was recognized that the city must cater to tourists, and provide facilities for their comfort and convenience while in Victoria.

A suggestion was advanced that objections to automobile camps might be largely removed if such camps were operated under proper restrictions, that they be licensed, that tourists staying at them register, and that only transients be allowed to stop at the camps.

Representatives of the real estate board and tourist trade group will discuss the question further with their respective boards, and meet the zoning committee again with recommendation on the matter. The zoning committee received a petition from residents on Yates and Fort Streets, between Cook and Harrison Streets, asking that the area be changed to a retail district; also that the corner lot at the intersection of Yates and Fort Streets be placed in the garage district to permit the erection of a service station on the property. The real estate board asked that Quadra, Douglas and Fort Streets be zoned for retail purposes to permit retail development on these three arterial highways. The committee promised to consider the representations made.

Aldermen W. T. Strath, Eugene S. Woodward and H. O. Litchfield, as members of the civic zoning committee, Mr. Frank Waring represented the tourist trade group of the Chamber of Commerce, and Messrs. Stewart Clark, James Forman, Major Kirkpatrick-Crockett and David Leeming constituted the delegation from the real estate board.

and not otherwise," was His Majesty's remark. "It is his chance of a real peace existing between England and Germany."

Meanwhile Germany, Sir Edward Grey continues, is insisting that a political arrangement must accompany any shipbuilding agreement, whereas from the British side it was asserted that every proposed arrangement tied British hands or upset arrangements with France and Russia.

"I want a good understanding with Germany, but it must be one which will not imperil those we have with France and Russia," Sir Edward wrote. "I should have found some formula could be found in which they also could be parties. That would be the best and most reassuring solution, though I see the French could not be a party to anything which looked like confirming the loss of Alsace and Lorraine."

AMERICA WOULD BENEFIT

A remark by the Kaiser to Colonel Trench, military attaché at Berlin, is appended: "If Britain and Germany were to war the only result would be the two countries would ruin each other to the benefit of the Americans, who would promptly seize the commerce of both."

After Lord Haldane's mission, Ambassador Goschen (at Berlin) commented on Lord Haldane's memorandum: "What does it amount to, that if what has been suggested to the Kaiser is carried out, the Germans get what, under Grey's instructions, I have been opposing for two years, namely, a political understanding without a naval agreement. I told Haldane that in my opinion, they

Fruitgrower of Ontario Leaves Liberal Party

OTTAWA, Ont., April 29.—Believing that the policy of the Dominion Government will prove fatal to the fruit and vegetable growing industry in Canada, Mr. Joseph Cyr, former Liberal organizer in Russell County and vice-president of the Ontario Vegetable Growers' Association, today announced the withdrawal of his support from the Liberal party.

A statement Mr. Cyr made to The Ottawa Journal and published by that newspaper today, follows: "I have left the Liberal party without animosity towards anyone. Having acted on the tariff committee for the Ontario vegetable growers during the past five years, I have come to the conclusion that the fiscal policy of the Liberal party is suicidal to the fruit and vegetable growing industry of our country. "Within the last few years approximately 25,000 growers, with their families, have left their gardens to swell the number of unemployed in the cities. All this has taken place while the Government was in full cognizance of what was happening, having been kept in touch with the situation by a committee composed of representatives from each province of the Dominion."

BLOOD FLOWS AS CONVICTS BREAK AWAY

Continued from Page 1

The mutineers dropped to the floor until the firing ceased. Then they resumed their assault on the barred door. Again the guns broke and the convicts retreated into the refuge of cells. As quickly as it started the fight ended. Two guards, who had been held prisoner by the convicts, were quickly released. Colonel R. S. Haurbrich, Ohio National Guard, was placed in charge of the situation within the prison shortly after the shooting terminated. When returned to their cells the prisoners were quiet and orderly.

BEHIND BARBED WIRE

Within the prison yard guardsmen tonight were erecting a barbed wire stockade, with a steel building in the centre. Tomorrow morning the convicts will be kept in the stockade until the idle house cell block is repaired. Then they will be marched back into the block, there to be locked in and disciplined.

Daring Convict Who Escaped Is Soon Captured

SASKATOON, Sask., April 29.—Jack Davidson, escaped convict, was caught at 10:30 this morning, hiding in the attic of a private garage at Wilkie. The man put up quite a battle before he was subdued by Constable W. H. Fockett, R.C.M.P., from whom he escaped on the train near Unity, Sunday.

In the man-hunt which started as soon as the man escaped from the Regina Pacific Railway east-bound train, by jumping through the lavatory window, R.C.M.P. officers, fighting muddy roads, searched the countryside thoroughly, tracing the fugitive yesterday to Unity, in which district a farm home had been entered and some clothing stolen.

Jail Delivery Plot Thought Discovered

SPOKANE, Wash., April 29.—Sheriff Floyd Brower said today a wholesale jail delivery plot had been smashed by his discovery of saws and keys in possession of Joe Kress, a prisoner.

Kress is under life sentence as an habitual criminal. The keys and saws were found in a guard cage to take Kress to the State penitentiary, and he was searched.

HEAVY DAMAGES IN AUTOMOBILE CRASH

Suma Totalling \$4,350 Awarded for Death and Injuries in Powell River Accident

VANCOUVER, April 29.—Damages totalling \$4,350 were assessed by Mr. Justice Fisher, in Supreme Court, against Frank L. Roberts, mill worker, Powell River, for causing the death, in an automobile accident on November 15, 1928, of Mrs. Elizabeth Dunn.

Robert Dunn, husband of the deceased, was awarded \$1,000; eldest daughter, Emily Binning Dunn, a daughter, \$1,000; thirteen-year-old Elizabeth Mayes Dunn, a daughter, \$1,000; fifteen-year-old Robert Dunn, Jr., son, \$700; seventeen-year-old Eleanor Binning Dunn, a daughter, \$500; and nineteen-year-old John Dunn, a son, \$100. The plaintiffs reside in Powell River.

Mrs. Dunn sustained fatal injuries while a passenger with her husband in Roberts' motor car, which overturned on a hill on the West View Road between Trunty Bay and Powell River. The party was proceeding home from a dance at Powell River.

WORKER IS KILLED IN LOGGING CAMP

VANCOUVER, April 29.—Harold Alse, Norwegian, about twenty-six, Vancouver, working as second leader at headquarters camp, Abernethy Logging Co. Ltd., Port Haney, was killed instantly this morning. He was waiting for a turn of logs to come in, and they hit a small tree, causing it to swing around and strike him on the side of the head.

SPEAKER TO BE INTERFERED ON THURSDAY

Mr. Pattullo declared that British Columbia had no better friend than Senator Bostock, whose faith in its destiny was unbounded. "He was, indeed, a worthy citizen," said the Provincial Liberal Leader.

MR. MACKENZIE KING

OTTAWA, Ont., April 29.—In paying a tribute glowing to the late Speaker of the Senate, Premier Mackenzie King spoke of the regard in which Hon. Hewitt Bostock was held by the public of Canada. Referring to the entry of Mr. Bostock into the Cabinet in 1928, the Premier mentioned the friendship between himself and the man who later resigned to become Speaker of the Senate.

"Our association since that time has been of the most intimate character," stated the Premier. "He was at all times the most loyal and helpful of friends, and as the years rolled by our friendship became closer. His association with Parliament as far back as 1896 made him a link between the generation of Laurier and those who are most active in public affairs today."

"He was a man of unimpeachable character, scholarly attainments, and was possessed of fine executive ability."

Many messages of condolence went forward today to Senator Bostock's family, and many tributes were paid to his memory by those on Parliament Hill who knew him best.

SPEAKER LEMIEUX

"News of the death of the Speaker of the Senate was a great shock to me," said Hon. Rudolph Lemieux, Speaker of the House of Commons. "We were elected to the House of Commons on the same day, on June 23, 1896. We became friends the first day we met, and the years rolled by our friendship became closer."

"He was a quiet gentleman of refined manners and exquisite courtesy. He was above all things sincere and loyal. He was a lover of books. He took a great interest in every charitable movement, Canada, and especially British Columbia, will mourn the passing of this great gentleman."

SENATOR BELCOURT

In the absence from the city of Senator Raoul Dandurand, Liberal leader in the Upper Chamber, Senator N. A. Belcourt, one of the senior Senators on the Government side, paid the following tribute:

"I am greatly shocked and distressed in the knowledge of the death of the Hon. Mr. Hewitt Bostock. Since nearly thirty-five years ago I have known him, and he has been a great friend and a great source of comfort and solace to me. He was a man of the highest character and of the highest integrity, and was widely known throughout the province of British Columbia."

HON. DR. KING

"The sudden and unexpected passing of Senator Bostock has come to me as a distinct shock," said Hon. Dr. J. H. King, Minister of Penitents and National Institutions. "My association with Senator Bostock extended over a period of many years, and has been a very close friendship, which has been personal as well as political. He was a man of the highest principles and highest integrity, and was widely known throughout the province of British Columbia."

HON. W. B. WILLOUGHBY

"There never was a more painstaking, more obliging or more courteous speaker of the Senate of Canada than the late Hon. Hewitt Bostock. He was a real English gentleman, who performed the duties of his office efficiently and with satisfaction to the whole House," declared Hon. W. B. Willoughby, Conservative leader in the Senate, and he appeared to be in his usual health. "I regret exceedingly his passing and extend my sympathy to Mrs. Bostock and the members of his family."

MAN IS KILLED IN DYNAMITE BLAST

WENATCHEE, Wash., April 29.—His body shattered by an accidental dynamite explosion while blasting three holes in an orchard near Wenatchee, Carl J. Weller died while being rushed to a hospital here late today. Both Weller's legs were broken, one arm was blown off and one eye destroyed by the explosion.

Weller was working alone at the time of the accident.

RUNS FIVE MILES IN FORTY-FIVE MINUTES AT 72

Not many men at thirty today, especially city men, can run five miles straight away, in any time. Yet, on January 19, and January 21, 1930, Dr. Robert G. Jackson, at seventy-two, did this in forty-five minutes, before six a.m. It's only a matter of keeping the blood normally alkaline, or non-acid, which he does by eating alkaline Roman Meal, the only alkali-forming grain food, because the only food containing flaxin. Because of a diseased heart, twenty years ago, Dr. Jackson was given only four months to live. Now he can suspend his body between two chairs, resting on heels and head, with 180 pounds on his abdomen—a great feat at any age, but at seventy-two, marvellous! City Council to Aid Defence of Police Officer

VANCOUVER, April 29.—Mayor W. H. Malkin, as chairman of the police commission, this morning announced that the city will probably arrange for the defence of Constable J. H. Johnson, held on a manslaughter charge in connection with the death of Harry Gerritz, who died in the Vancouver General Hospital, Friday, from a wound allegedly caused by a bullet from the constable's revolver, on Wednesday night.

The mayor said that the matter had not officially come before either civic or commission authorities yet, but when the occasion arose he would ask the legal department for an opinion on the case.

Personally, he felt, he said, that the city owed a responsibility to its men.

Gerritz is said to have been shot when he failed to stop in answer to Constable Johnson's command. He never regained consciousness after being shot.

"I am bound to say that his conception of his position was somewhat more than that," warmly responded Mr. Bennett. "He did not look upon the office of Prime Minister as being one which permitted him to speak to the people in terms of five-cent pieces."

"I would point out to my friend that under these acts we are giving these western provinces millions of dollars," was the reply of Mr. King.

GIVING NOTHING

"I would point out," countered Mr. Bennett, "that this Government is giving them nothing. That is a difference. When legislation is enacted which confers rights upon the people, the right honorable gentleman seems to think that he is the god bountiful."

"When he said the other day, 'I would not give a five-cent piece,' one realized that, after all, power has its disadvantages, because it sometimes causes those who, for a few brief moments in this great world of ours, find themselves in a position of power and authority, to believe that they have that which they do not possess, or that they have authority which they cannot exercise."

Mr. King did not respond to this, and discussion turned to another phase of the matter.

The Deputy Minister of Agriculture, Mr. J. B. Canadian minister that he and his staff are willing to assist in every way possible in the bringing about of better results.

It is pointed out, however, by the minister, that in order to be successful it would seem that there might be more attention given by manufacturers and others seeking to enter the trade to advertise and pay attention to the introduction of the goods into the Orient.

AMERICAN ENTERPRISE

The United States is doing a great deal in this line and well-known brands of canned fruits are gaining a foothold in the Orient. It is even pointed out that when samples were asked for in such lines from Canadian dealers to fill orders preparing for the British Army canteen at Shanghai, that Canadian firms submitted as samples American canned goods in some instances.

Through the medium of his staff in Tokyo the Canadian minister has sent to the Department of Agriculture here compilations of figures showing the amount and values of various lines of fruits and other products entering Hongkong. These figures show that the amount coming in from Canada was of a very negligible amount, as compared with other countries, and in comparison with the United States output to Hongkong.

These figures submitted were for the year 1928, the last year for which the Department of Agriculture, through the co-operation of the fruit growers and others, made a trial shipment of some half carload of Yellow Newtown apples to Hongkong. These were displayed and put into use, with the result that the residents were delighted with the fruit.

HELPS BRITISH COLUMBIA

Indirectly the good offices of Hon. H. M. Marler have already borne results for British Columbia, inasmuch as the purchases of imported stock came to British Columbia instead of to the United States and were able, through the interest manifested by the Department of Agriculture here, to secure stock for dairy herds in Japan within the province.

N. H. Bravender Plaintiff in Action Against Two Defendants—Judgment Reserved

His Honor Judge P. S. Lampman reserved judgment yesterday at the conclusion of the hearing of the trial of Norman H. Bravender versus the Veterans' Sightseeing & Transportation Company and Margery Ensor.

The plaintiff, Bravender, who lives at 2135 Ridge Road, sued the Veterans' Company and Margery Ensor, wife of B. Ensor, 3350 Cook Street, for damages for alleged negligence. The action arose from a motor collision between the company's bus and a car driven by Margery Ensor on January 4 last at the intersection of Quadra and Yates Streets. Plaintiff stated that he was a passenger in the bus at the time of the mishap, and as a result of the accident he had his ribs broken and his whole nervous system received a severe shock.

The plaintiff claimed special damages totaling \$226, which included expense of medical attention, X-ray examination and loss of wages. He otherwise would have carried, on general damages of \$500, as well as the costs of the action.

Mr. Robert A. Wotton was counsel for the plaintiff, Bravender; Mr. H. A. Maclean, K.C., appeared for the defendant, the Veterans' Sightseeing & Transportation Company, and Mr. Gordon A. Cameron represented the defendant, Margery Ensor.

Plea for Continued Friendship Between Peoples of Two Countries Made by Mr. C. S. Harley

**KIWANIS FETES
PLAYERS' CLUB**

"With a common language, common aspirations and common experiences, why should we not make this Canada-United States Week 365 days long?" said Mr. C. S. Harley, president of the University Kiwanis Club, of Seattle, in speaking to members of the Victoria Kiwanis Club here yesterday.

"The great thing about Canada and America is the warm friendship that the residents of both countries have for each other. While we do live under two separate flags, we are, nevertheless, Anglo-Saxons, having the same forefathers and the same common aims and purposes in life. The club hands must work unitedly to insure progress so that we shall truly fulfill our destiny in the great Western world of which we are a part," he declared.

Mr. Harley recalled the signing in 1818 of the Rush-Bagot treaty of friendship between Canada and the United States, with its provisions that the two countries did away with border fortifications and heavily-armed vessels on the Great Lakes. The treaty could be annulled by either country giving six months' notice.

"But no notice of that character has yet been given, and, please God, may it never occur. I don't think the occasion will ever arise that would result in such an action," said the speaker, amid applause.

"A GOD-GIVEN LAND"

The speaker referred to many enjoyable vacations he had spent in British Columbia, which he termed "A God-given land." "You have a great country here; let us make it as easy as possible for Americans to come across into Canada and spend their time with you and have a business relations with you. We on our side should likewise make it easy for you to visit us."

President G. H. Stevens warmly welcomed Mr. F. G. Wood, and Mrs. Wood, and members of the Players' Club of the University of British Columbia, who staged the successful play, "Friend and Hannah," here on Monday night. Professor Wood, who directs the club, introduced members of the cast, and thanked the Kiwanians for their hearty support.

In tendering a vote of thanks to Mr. Harley for his message of friendship, Kiwanian B. C. Nicholas said the fact that two countries lived side by side under an unutilized frontier of 5,400 miles was an object lesson to the world, and a beacon hope for peace and amity among other nations. He stated that Professor Wood's career reflected great credit on Victoria, where the professor received his early education. He alluded to the distinguished association and affiliation of the Kiwanis Club with the University and the Players' Club, and expressed the pleasure it afforded the Kiwanians to have the university representatives with them again.

**WILL BUY COWS
FOR DAIRY FARMS**

Purchasers Are to Be Made for Peace River Area Through Department of Agriculture

Hon. W. Atkinson, Minister of Agriculture, and Dr. W. R. Gunn, director of animal industry in that department, will leave the capital shortly for the purpose of procuring dairy stock to supplement and improve the herds already there. These cows will be procured in the prairie provinces, and will be shipped by rail to the end of steel, whence they will be driven the remainder of the way on foot.

There are certain creameries established in the district and a demand exists for more cows to supply these institutions. The cows will be bought by the farmers and will, with the property, enlarge the stock now in the country.

The cows will be of the milking strains of the shorthorn breed, which is regarded as the most suitable in a country like the North, where the double purpose of milk production and beef has to be taken into account.

**DO YOU
SUFFER FROM
CONSTIPATION?**

Countless remedies are advertised for constipation. Many relieve for moment but they are habit-forming and must be continued. Others contain calomel and dangerous mineral drugs, which remain in the system, settle in the joints and cause aches and pains. Some are harsh purgatives which cramp and gripe and leave a depressed after-effect.

Avoid lubricating oils which only grease the intestines and encourage nature's machinery to become lazy. A purely vegetable laxative such as Carter's Little Liver Pills, gently touches the liver, bile starts to flow, the bowels move gently, the intestines are thoroughly cleansed and constipation poisons pass away. The stomach, liver and bowels are now active and the system enjoys a real tonic effect. All druggists 25c and 75c red pkgs.—(Adv.).

The service is not yet connected up to the town of Qualicum, which is served by the old plant which was taken over when the franchise was acquired by the National Utilities. **VALLEY'S GROWTH

Two Experts Advise Bella Coola Farmers on Need for Better Stock and Orchards

During the Spring season two experts from the Department of Agriculture have been making investigations into the conditions in the Bella Coola Valley, with the idea of giving expert advice to the farmers there along lines which may be expected to improve conditions. They are Dr. W. S. Sparrow, veterinary inspector, and Mr. R. Randall, an expert orchardist; and they have now reported on their situation. The farmers of the valley manifested the deepest interest in the investigations carried on, and at a meeting of the Farmers' Institute there, the attendance was large, the two experts giving valuable information along lines intended to be of benefit to them.

In the reports which are made, it is pointed out that the residents of the valley who are of Scandinavian extraction, are interested in fishing, and that the latter line of industry appears to be a lucrative one for them, with the result that they do not give as much attention to the farming end as would otherwise be the case.

Dr. Sparrow found that in the cattle kept there had not been as much care taken of them as should have been. The accommodation in the matter of stabling was not good either. He advised the farmers to give more attention to dairying, and gave them advice along the line of taking care of the cows. His choice of a breed to be utilized there would be Guernseys.

In the report, Dr. Sparrow refers to some few of the settlers who are carrying on their operations in a dairy line in something like a proper manner.

Mr. Randall, who is a part time employee of the Dominion Government as an inspector of orchards, in his report to the Provincial Department, says that the orchards were not well looked after in general. There had been neglect in the matter of pruning and care of the trees.

He took occasion to give practical demonstrations before the farmers of pruning and grafting. Moreover he left material for the residents to continue the work, and to graft some of the trees which were not of desirable kinds. He left with the Farmers' Institute there the necessary cuttings of reputable kinds to carry out the plans he had advised.

He found the Transcendent crabs did well there.

Week-End at Seattle Produces Toll of One Dead and Eight Who Are Badly Hurt

(Associated Press) SEATTLE, April 29.—A seventeen-month-old child was dead today and eight other persons were suffering from injuries received in automobile traffic accidents in Seattle over the week-end.

The child, a son of Mr. and Mrs. Milo C. Taini, was killed when his father's car turned over after colliding with a machine driven by Milton Cappelien, near the north city limits. Mrs. Taini was severely injured.

An unidentified man was probably fatally injured when he staggered into the side of an automobile driven by Major R. J. Hendrickson, of the American Lake Hospital staff. Major Hendrickson and attendants at the City Hospital said the man evidently had been drinking.

Frank Kannar, secretary of the Retail Grocers' Association, was badly bruised when his automobile collided with one driven by L. J. Mahberg, near Lake Union. Others injured in traffic accidents were: Mr. and Mrs. R. W. Spooner, Charles D. Hubbard, motorcycle patrolman; William Mammis and Miss Amy McDonald.

Mr. Lund: You ought to brace up and show your wife who is running things at your house. Mr. Meek (sadly): It isn't necessary. She knows.

GOVERNMENT OFFICIAL TO ILLUSTRATE CHEAPER CUTS TO HOUSEWIVES MAY 14

Object Is to Teach Economy in Ordering Meat From Butcher

Commencing a series of meetings which is intended to serve as an education to housewives in choosing meat with discretion and economy, experts will be in attendance in the Chamber of Commerce in this city on May 14 to impart practical information. This will be the beginning of a series of meetings to be conducted jointly by the Dominion and the provincial departments.

The exhibition is to be a beef grading demonstration. Miss Cammisa, of the local Dominion office, and Mr. J. Byers, of the Regina office, will represent the Federal department. Dr. W. R. Gunn will represent the provincial department. The Local Council of Women and the Chamber of Commerce will both be associated in the carrying out of the plans and the making of it a success. Mrs. J. D. Gordon, president of the Provincial Women's Institutes, is taking a deep interest in the demonstration.

The object of the demonstration is to show the buyers of meats that it is not necessary for them always to buy what are ranked as the very expensive cuts of beef, in order to get good nourishing, tender meat, if they only know how to handle it. Mr. J. N. Cahill, demonstrator for the Dominion in Western Canada, will be in attendance, and will have a side of beef on hand, so that he may make a practical demonstration of what he advocates. "Red ribbon and blue ribbon grades of beef marked as the highest grades on inspection will be used."

It is intended that delegates from various organizations outside the city will attend, and thus be able to impart, in turn, some of the information to other members of the women's institutes what is learned. Later meetings will be held at New Westminster, Chilliwack and Kamloops. It is anticipated that another year there will be still further extension of this important work.

Equipped for the Battle

IN an address to college students, the Premier of Canada recently compared life to a battle. Armed with higher knowledge, a young man may march on to assured achievement. But equipped only with a minor education, his chances for success are correspondingly small. How will your child fare in the struggle? Why not make sure that he will come out on top by taking out the new Great-West Educational Policy at a cost of a few cents a day?

THE GREAT-WEST EDUCATIONAL POLICY

Is the surest and most economical means of ensuring a successful career for your son or daughter. Example: You deposit a certain sum each year with the Company. When the time comes, the money is available for a complete university course. If, meanwhile, you die or become disabled (as defined in the policy), the Company will pay all the remaining premiums. If your child dies before age eleven, the money will be returned to you with 5 per cent. compound interest. Should he die after age eleven, the full amount of the policy—plus substantial profits—will be paid to you as ordinary insurance.

PIONEER HAS ANNIVERSARY

Eighty-Nine Yesterday, Mr. E. White Arrived in Victoria in 1862 by Way of Cape Horn

GOLD IN CARIBOO WAS ATTRACTION

Felicitations were being extended to Mr. E. White yesterday on the occasion of his eighty-ninth birthday. When a Colonist representative called on him at his office in the Belmont Building, Mr. White was busy with a pending timber transaction, and was not inclined to devote much time to reminiscing. He disclosed, however, that he had come around Cape Horn in the sailing ship Cyclone, arriving in Victoria in 1862, the lure of gold in Cariboo being the incentive.

Mr. White's desire for easy riches vanished as the charms of Victoria overcame it. He never got beyond it at that time, being satisfied to take his chances in less exciting pursuits than the seeking of gold promised. He did, however, answer the call to Leech River, where he was one of the originals, and mentioned the picturesque days passed in the old mining camp which provided some color to Vancouver Island's early history.

Mr. White was prominent in music circles in the early days. Having been trained musically as a boy and possessing a voice of considerable culture, he was eagerly sought after for entertainments, and recalled the opening of the old Victoria Theatre, at the corner of Douglas and View Streets, now occupied by Spencer's, Ltd., when he sang the part of Frederick in "The Pirates of Penzance."

Mr. White was a charter member of the Vancouver Board of Trade, and recalled yesterday that he is one of three surviving members who belonged to that body when it was organized. While he was not born in the province, he is an honorary member of the Native Sons of British Columbia, an honor which he greatly appreciates, having been chosen with a number of early pioneers for the distinction shortly after the society was organized.

Mr. White went to England after some years on the Coast and married a young lady whom he had previously met in Victoria, a niece of the late Hon. J. H. Turner. Mrs. White is still living, and both she and Mr. White have still a good many years in which to enjoy life if present indications count for anything.

NEW FAST TRAINS OUT OF MONTREAL RUN TO CHICAGO

MONTREAL, April 28.—New fast trains, bringing Toronto within six hours' journey of Montreal and reducing the travelling time between Montreal and Chicago to 18 hours 15 minutes, were placed in service on Sunday by the C.N.R.

The International Limited, crack steel daily train, which has operated between Montreal and Chicago every day for the past five years, left Montreal at 3 o'clock in the afternoon, reaching Toronto at 9 o'clock in the evening and arriving at Chicago Monday morning. The distance of 334 miles between Montreal and Toronto was covered in 360 minutes, a world record for the distance in regular train service.

OLD RESIDENT IS DEAD IN SIDNEY

Mrs. Catherine Telford Jackson, Who Came to City Forty-Two Years Ago, Passes Away

An old resident of the city, Mrs. Catherine Telford Jackson, who had lived in Victoria for the past forty-two years, passed away at Rest Haven, on Sunday morning, after an illness of less than a week's duration.

Born in Montreal seventy-one years ago, Mrs. Jackson was the daughter of Mr. and Mrs. Sargison, of that city. She was keenly interested in benevolent organization work, and was a charter member of the Order of the Eastern Star here, and past matron of the Rebekah Lodge. Although she took no particularly active part in church organizations, she had been a member of the Metropolitan Church for many years, and was greatly esteemed by all who knew her.

Six years ago she left Victoria to live with a daughter, Mrs. H. H. Shade, of Marine Drive, Sidney, and it was from there that she was taken last Tuesday to Rest Haven to undergo an operation.

In addition to Mrs. Shade three other daughters survive: Mrs. J. B. Joist, of Britannia Beach; Mrs. W. B. McNair, of Lethbridge, Alta.; and Mrs. C. C. Dempsey, of Wenatchee, Wash. One sister, Mrs. E. F. Edwards, of Seattle, and another brother, Major A. G. Sargison, passed away in Victoria just a few months ago. The body has been removed to the Sands Funeral Chapel, from where the funeral will take place at 3:30 o'clock tomorrow afternoon, interment to be at Ross Bay Cemetery.

ELCO COMPANY ACTIVE ENTITY

Reorganization of Empire Lumber Company's Affairs Will Leave Parent Company Dormant

ALL WORK IS NOW CONTRACTED OUT

As a result of the visit of directors, the future policy of the Empire Lumber Company on Vancouver Island has been determined. Mr. William G. Moore, president of the company, and his secretary, Mr. R. B. Chew, both of Philadelphia, left yesterday afternoon for home, after completing details for continuation of the company's activities incidental to the death of Mr. G. D. Bouton, recently.

The arrangement has been made for the Empire Lumber Company, which has a large stand of timber around Lake Cowichan, to become dormant as an operating company. The Elco Logging Company will carry on as an operating company, and so far as its logs are concerned, it has entered into a contract with the Cowichan Logging Company for all logging operations on the company's limits. All logs will be milled at the lake, by the Industrial Timber Mills, Limited, at Cottonwood Creek, and no shipments direct will hereafter be made by the Elco Company. The mill company will work two shifts, the contracts calling for delivery of 5,000,000 feet per month to the mill.

The new officers of the Elco Logging Company are constituted: President, W. G. Moore, who will also hold the office of managing director; assistant managing director, A. J. Paine; director and secretary, M. J. Cook. Mr. C. C. Young, who has been actively engaged with the company in the past, will sever his direct connection, but will remain on the board of directors in an advisory capacity.

YOUNG PEOPLE'S CONFERENCE ENDS

Gathering to Held to Study Boy and Girl Problems of Present Day

The City Temple Hall, on North Park Street, was the scene of an inspiring conference during the past week-end. About fifty boys and girls, representing senior C.O.I.T. and Tuxis groups of Victoria and district, joined together for the purpose of discussing "boy and girl" problems, in preparation for the International Sunday school convention, to be held this June, in Victoria.

5 unique NEW features

- 1: Multiplies itself in lather 250 times.
- 2: Softens the beard in one minute.
- 3: Maintains its creamy fullness for 10 minutes on the face.
- 4: Strong bubbles hold the hairs erect for cutting.
- 5: Fine after-effects due to palm and olive oil content.

Millions tried it-

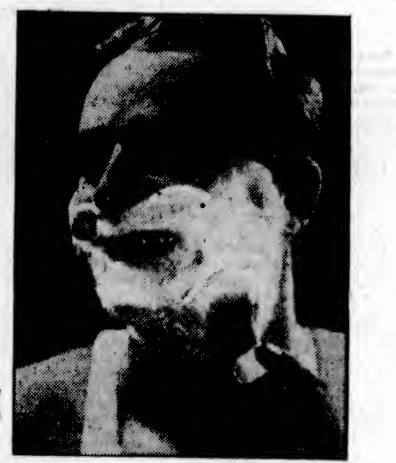

87% adopted this amazing Shaving Cream

JUST a few years ago Palmolive Shaving Cream was a newcomer in a crowded field. Now, it is the largest selling shaving preparation on earth. It has won millions of men from lesser methods. 87 out of every 100 who try it, records show, adopt Palmolive Shaving Cream permanently. Why?

Before we entered the shaving cream field, we canvassed 1,000 men to find what they wanted in an ideal shaving preparation. After discarding 129 experimental formulas, we developed one which brought amazing new comforts to shaving. No matter how tough your beard or how tender your skin, Palmolive Shaving Cream gives you a clean, close, comfortable shave every time. No shaving lotions are necessary. Its emollient palm and olive oil content soothes and heals.

Test PALMOLIVE ...at our risk

We have supreme faith in our product. All our energy is directed to inducing men simply to give it a trial. We ask men to test Palmolive Shaving Cream at our expense. While your present shaving method may satisfy, still there may be a better way.

This is our Four-Square Offer!

Buy a tube of Palmolive Shaving Cream. Use half. Then if you are not satisfied this is the finest shaving cream you've ever used, return the half-empty tube to your druggist. He'll return to you in cash the full price you paid for the whole tube. We will pay him the same amount in cash.

PALMOLIVE SHAVING CREAM

Toronto. The chair was taken at all sessions by Mr. Irvine Dawson, premier of the Older Boys' Parliament, who introduced the leaders, who later took charge of the discussion groups. Miss Anne Fountain, provincial girls' work board secretary; Mrs. W. A. Guy, Miss Olive Heritage and Mr. Frank Fidler, provincial boys' work board secretary. Shortly after the commencement of the first session on Saturday afternoon, an encouraging address was given by Rev. Bruce Gray on "The History and Growth of the Christian Church during the last nineteen hundred years."

The discussion period, which followed was entered into with enthusiasm by all, under the capable direction of the leaders. The topics discussed came under the following headings: "The Most Difficult Questions and Problems That the Youth of Today are Facing," "The Part Played by the Church in the Life of Young People," "What is Youth Most Interested in and What Influences the Interests of Youth Most?"

Following this an enjoyable hour of recreation was ably conducted by Mr. Fred Robins, the boys and girls, then adjoining to the dining-room, where they partook of a

banquet daintily prepared and served by the ladies of the City Temple. Supper was enlivened by a jolly sing-song. The Saturday sessions were closed after a further discussion period, by a devotional service conducted by Rev. A. O. Thomson. On Sunday afternoon the delegates reassembled for a final discussion and an appropriate and much appreciated address by Dr. Clm Davies brought to a conclusion a successful conference, the first of its kind to be held in Victoria.

BRIDGE OF MEMORIES BUILT

The new bridge over the River Derwent in the centre of Derby, England, which is now nearing completion, is to be regarded as "A Bridge of Memories," and will be specially associated with the famous sons of the town. The town council has decided to erect four medallions on the parapet, bearing the names of Herbert Spencer, the philosopher, and author, who was born in Derby in 1820; Erasmus Darwin, physician, poet and philosopher, grandfather of Charles Darwin; John Lombe, who founded the silk industry in Derby in 1717, and William Hutton, the historian of the town, born in Full Street in 1723.

There can be nothing amusing in the misfortune of others, but deafness does occasionally give rise to a ludicrous mistake, even though the person who has perpetrated the blunder must smile.

A gentleman in Westmount, who is somewhat deaf is the owner of a dog which has become the terror of the neighborhood. The other day he was accosted by a friend, who said:

"Good morning, Mr. Smith! Your wife made us a very pleasant call last evening."

"I'm very sorry," came the startling reply. "I'll see that it does not occur again. I intend to keep her chained up after this."

Amongst many good stories told by Miss Dorothy Mackall, the film star, one of the best concerns an incident that happened while she was rehearsing recently.

A young girl super, about seventeen years old, with startling yellow hair, came bounding into the studio. "Hullo!" exclaimed one of the other supers. "Here comes the beloved of the gods."

"Why have you dubbed her that?" asked Dorothy with interest. "Because she dyed too young," was the reply.

Customer: "You say these are 'country eggs'?" Waiter: "Yes, Customer: 'What country?' Cartilage, Babylon or Assyria?"

ORIGIN OF THE SOLAR SYSTEM IS DISCUSSED

Meeting of Astronomical Society Hears Various Theories on How Planets Have Evolved

LUNAR MONTHS MAY BE FIFTY-FIVE DAYS

Several theories on the origin of the solar system were presented to the members of the Astronomical Society in the Girls' Central School last evening, and were listened to with a great deal of interest.

Mr. R. W. Hunter dealt with the theory of nebular hypothesis, as expounded by Kant and Laplace. It was a remarkable feature of the solar system, Mr. Hunter stated, that a common origin was denied in the circumstance that the planets, major and minor, revolve around the sun in the same direction, with orbits on the same plane. The daily output of heat was an argument in favor of the nebular theory, Mr. Hunter held. He presented theories on the source of the sun's heat, which had been discarded, and concluded by saying that by the laws of operation governing heat the sun re-energized itself as it contracted after expelling heat, maintaining at that way the same volume of heat for all time.

Dr. Hewitt, who substituted for Mr. P. H. Hughes, who was unable to be present, presented the case for the planetesimal hypothesis as promulgated by Chamberlain and Moulton. Dr. Hewitt pointed out that there were many theories, only one of which was an argument in favor of the planetesimal hypothesis. The planetesimal hypothesis assumed that the planets had at one time been part of the sun.

Mr. R. O. Redman, of the Dominion Astrophysical Observatory, outlined the tidal and collision theories, which were generally accepted at the present time as more logical than the theories previously presented. Jefferys' theory is that, there being no sign of the sun shedding matter, the sun is not rotating fast enough, to throw off matter as is presupposed in the nebular hypothesis. With reference to the planetesimal hypothesis, there would be a difficulty, Mr. Redman pointed out, in the collection of planets. They would be more likely to come together and collide, in which case, according to figures offered by the speaker, a collision of two planets could only occur in every ten million years. This, of course, was at best a guess, concluded the speaker.

Mr. James Duff, M.A., who was down to speak of the satellites of the planets, confined himself to the moon, satellite of Mother Earth. He referred to the theory advanced by Darwin of the moon passing gradually away from the earth until, instead of twenty-nine days and a half, its passage would be the earth, it would take fifty-five days, when it would have lost all of its rotational energy. Darwin's theory holds that the moon was once in close proximity to the earth, and has gradually drawn away from it; but after a matter of a million years or so, it would have reached a period of fifty-five days, it would then back up and gradually draw nearer again.

The meeting was presided over by the president, and a unanimous vote of thanks was tendered the speakers.

Organ Recital At St. John's Appreciated

A successful recital was given at St. John's Church on Monday evening, which was patronized by a large audience.

Mr. Joseph Moore's well-trained tenor voice is an exception, his artistic singing being appreciated.

He is a gold medalist and soloist of prominent choral societies in South Africa. He appeared both in solo and in duets with Mr. Alfred Palmer.

They appeared together in "Watchman, What of the Night?" and "So Thou Lifest," from the "Crucifixion."

Mr. Moore's interpretive skill was shown in "Lead Kindly Light," "Hymn of Praise" ("The Sorrows of Death"), and selections from "Elijah" and Sullivan.

Mr. G. Jennings Burnett, the organist, played three of his compositions, "Largo," "Joyous Spring," and "Prelude and Consolation." The last named takes the lead for the highest number of requests. It was the first prize piece from the Capitol Theatre eight years ago. Another contribution of the organist, "The Andante Canabile," was a delightful number.

"You seem to have plenty of intelligence for a man in your position," sneered a barrister, cross-examining a witness.

"If I wasn't on oath I'd return the compliment," replied the witness.

Welcome Rains Still Continue Over Prairies

(Canadian Press)

WINNIPEG, April 29.—Scattered rains fell over the prairies today, where farmers are speeding their seeding work. Across the Southern portion of Manitoba, Saskatchewan and Alberta, about three-quarters of the sowing has been completed and, with ideal weather current, it is expected that the greater portion of the more northerly seeding will be finished by the end of the week.

Over Southeastern Saskatchewan, where 75 per cent of the seeding was stated today to have been done, light showers fell during the night, but agrarians were back at their work today. Heavier precipitation occurred in the Northwest section, where work is said to be fully as far advanced. Kindersley received one-third of an inch. Only a trace of rain fell in Northeast Saskatchewan, where seeding has been delayed.

'NEW EDUCATION' ABSORBING TOPIC

Mrs. Stuart Jamieson Speaks to Enthusiastic Audience at Victoria College

A most interesting lecture, under the auspices of the New Education Fellowship, was given last night at the Victoria College, by Mrs. Stuart Jamieson, the Juvenile Court Judge of Vancouver.

Mrs. Jamieson gave one of the most comprehensive addresses which have yet been listened to by Victoria audiences upon any educational subjects, the gist of her address being concerned with the latest movements in the educational system.

Mrs. Jamieson spoke to an enthusiastic audience, her subject being "New Schools in Old Lands," which included observations made during a tour of Europe last Summer, including visits to a number of educational institutions.

There were three great principles, said Mrs. Jamieson, which had particularly impressed her during her recent tour.

These were the encouragement of child self-activity; the new purpose development in the mind of the child, which is simply a project of instruction, devised to meet the adolescent mentality which has a hankering for expansion in a particular direction, and the encouragement of creative work in elementary and more advanced schools, which recognizes the elemental "bent" of a pupil, and which endeavors to give this characteristic freedom during the succeeding years of the pupil's education.

INTERNATIONAL COMRADESHIP
The lecturer spoke of the increasing spirit of international comradeship which prevailed in the English schools which she had visited.

She spoke enthusiastically of Mrs. Gilpin's school, situated just beyond the outskirts of London. Here the spirit of freedom and of leadership was seen at its best.

Next, Mrs. Jamieson spoke of the Dalcroze School in Switzerland, as founded by M. Jaques-Dalcroze, Geneva, as a demonstration of eurythmics. It was here that music, in its definite relation to eurythmics, was studied.

Another school, situated in Czechoslovakia, not very far from Prague, was the third school of which Mrs. Jamieson spoke. Here, she said, was a most magnificent choir, which might be said to be unequalled in any of the schools of Europe.

The group of sixteenth century madrigals, Morley's "Dainty, Fine, Sweet Nymph," Vaughn Williams' "Pain Would I Change That Note," and Morley's "Ho, Who Comes Here?" proved a welcome variation.

The undoubted favorite of the group was the second, a beautiful example of the canon, delicately treated, and the closing lines of the verses particularly beautiful in interpretation. The audience was delighted to have this instead of the first of the group repeated at an encore, the second of the Morley numbers being slightly ragged in performance.

Reference has already been made to Vaughn Williams' "Turtle Dove," a delightful unaccompanied composition with a folk-song quality which the voice suited to nicely, Mr. Archie Gibbs being the soloist.

The hummed accompaniment by the choir was cleverly kept in rhythm with the voice, and the program was Edward German's "London Town," also unaccompanied. In quick narrative style it had sustained brightness and brightness. Again, however, the conductor went back to its predecessor when an encore was called for, and some of the charming verses of the "Turtle Dove" were repeated.

Mr. Bailey showed brilliant execution in his two piano groups, the first including one of the Mendelssohn "Songs Without Words" and the Chopin "Ballade in A Minor," the soft part of which was particularly beautiful, and the second Sidney Rosenbloom's "Scherzo in B Minor," Frederick Delius' "Prelude in D," and Dohnany's "Capriccio."

All these showed a brilliant technique in their performance, the first notable for its clarity, the second for its atmosphere and the last for its crisp staccato quality.

Mr. Llewellyn Jones' group, the words of which were included in the elaborately annotated program, included Stanford's "The Vagabond," Frederick Dorn's "Crossing" (the words by Rabindranath Tagore), and Coleclough's "Onaway," Beloved. The singer has a sympathetic tenor and sang expressively, the last two numbers being particularly suited to his voice.

An American tourist was boasting in the time of an English village, "Talking of scarecrows," he said, with a drawl, "why, my father once put one up and it frightened the crows so much that not one entered the field again for a year!" He looked triumphantly around his audience. Surely that had settled those scarecrows! "That's nothing," remarked one farmer. "A neighbor of mine once put up a scarecrow in his potato patch, and it terrified the birds so much that one rascal of a crow had stolen some potatoes came the next day and put them back."

CAPACITY HOUSE ATTENDS ARION CLUB CONCERT

Royal Victoria Theatre
Packed Last Evening for
Choir's Ninety-Ninth
Programme

GROUP OF MADRIGALS IS WELL RECEIVED

Every seat was occupied in the Royal Victoria Theatre last night when the Arion Club gave the second concert of their thirty-eighth season. It is a perennial pleasure, as it is always a surprise also, to see how enthusiastically Victorians support this veteran choir, which will have the proud distinction, when they open their next season's programme, of performing the hundredth concert.

Mr. Stanley Bulley, guest-conductor for the past season, and Mr. Frank Sehl, who is by no means an unfamiliar figure on the rostrum, shared the honors of conducting the club last evening, although the former, Miss Dorothy Morton filled the role of accompanist with great grace and discrimination, and the evening's soloists were: Mr. Stanley Bulley, who couples with his many other musical gifts that of pianist, and Mr. Llewellyn Jones, tenor.

The programme, happily, by an innovation summarized in the title, as well as appearing in detail in the usual way, emphasized the Old English ballad music. For the most part, the numbers were accompanied, but two of the most appealing had the support of the piano, being Max Bruch's majestic narrative sea-song, "Pirihof," and Edwin Schuller's melodious "Forest Harp," the former conducted by Mr. Bulley and the latter by Mr. Sehl. These were unmistakably the greatest favorites of the evening.

The first has a ruggedness of sentiment which gives the bases excellent opportunity to show their powers, and in this instance they acquitted themselves splendidly. The tenors, in fact, seemed slightly thin and weak by comparison. The interpretation was gripping, forceful, with admirable treatment of the changing tempo and clean, robust and vigorous phrasing and attack.

Mr. Archie Gibbs, baritone, sang the lines allotted to Pirihof, and delivered them expressively, although his voice is a little light for this type of solo. (He was much better suited to his lines in the delightful Vaughan Williams' "Turtle Dove," which came later in the programme.) "Forest Harp," conducted by Mr. Sehl, has a charming piano prelude, ostensibly intended for the harp, which gave an immediate suggestion of the hauntingly melodious beauty of the composition. There is a sonorous, classical sweep in the rhythm of this work, and here again the bases showed to great advantage, both in the forte and pianissimo. They gave beautiful tonal color to the opening lines of the first and third verses particularly. From the popular standpoint this piece was the best on the programme, most audiences enjoying melody more than any other musical quality.

The group of sixteenth century madrigals, Morley's "Dainty, Fine, Sweet Nymph," Vaughn Williams' "Pain Would I Change That Note," and Morley's "Ho, Who Comes Here?" proved a welcome variation.

The undoubted favorite of the group was the second, a beautiful example of the canon, delicately treated, and the closing lines of the verses particularly beautiful in interpretation. Miss Mackenzie's Wedding Brilliant Social Affair

Former Chatelaine of Government House Becomes Bride of Mr. Julian Piggott at Fashionable London Wedding Attended by Many Guests

LONDON, April 28.—Brompton Parish Church has never seen a prettier wedding than that today, in which Miss Helen MacKenzie, niece of Hon. Randolph Bruce, became the bride of Mr. Julian Piggott, son of Lady Piggott and the late Sir Francis Piggott, nor for the matter of that has this fashionable church ever seen such a happy, smiling bride from North of the Tweed walk down the aisle on her husband's arm after the ceremony, preceded by two stalwart pipers of the Royal Scots in their green uniforms, blowing joyful music at their loudest from their instruments.

The well-loved former chatelaine of Government House, Victoria, had one of the loveliest and happiest weddings which any of the six or seven hundred guests could remember. To give the crowning touch to such an auspicious day, the sun shone forth in all its glory as on a day of mid-June.

Weddings are, for the most part, the same, but this one was distinctly "different." These six or seven hundred people assembled in the church came from far places of the earth, as well as from the home counties and from Scotland. There were scores of British Columbia friends of the bride. There were relatives and lifelong friends of each of the happy couple from the Highlands and from Southern England. There were old comrades of the cricket field of the bridegroom, one of whom, Rev. F. H. Gillingham, the famous Essex County cricketer, performed the ceremony. There were friends of forty years' standing of Hon. Randolph Bruce, including Sir George McLaren Brown, who proposed the bride's health as neatly as the time-honored ceremony has been performed.

The channel of the church, one of the most beautiful in London, had

been turned into a bower of lovely white flowers. There were great banks of white heather, white bloom, hydrangeas and lilacs at the chancel steps, and lining the aisle from these to the altar rails. Great palms stood out above the mass of gorgeous bloom. The sun shone through the colored windows, bathing the church in soft, warm lights and shades, as the boys' choir preceded the bride's procession up the aisle. Their voices rang out clear and fresh in the hymn, "Lead Us, Heavenly Father, Lead Us." Then for a minute all heads were turned to see the bride's procession walk slowly forward.

LOVELY BRIDE

The bride made a charming picture of girlish grace as she entered the crowded church with Hon. R. Randolph Bruce. Her dress, which was made in London, was of parchment satin with light-fitting bodice and high waistline. The skirt had a fitting effect with a draped piece on the left side, and long tight-fitting sleeves, and her veil matching the shade of the gown, hung to the ground. It had a plain effect in front and was caught at the nape of the neck by orange blossoms, which long court train was held by two little pages, Michael Thomas, son of Sir Geoffrey Thomas, the Prince of Wales' private secretary, and John Denny.

THE ATTENDANTS

Following the bride came the five bridesmaids, making a delightful picture as they walked slowly up the aisle to the chancel. The superstitious guests green at a wedding was set at naught, for the bridesmaids wore dresses of pale green marocain. They were of ankle length with high waistline, close-fitting bodice and long sleeves. Little boleros and shoes to match their dresses completed their charming costumes.

The four grown-up bridesmaids were the three sisters of the bride, Miss Madge, Miss Katherine and Miss Elizabeth Mackenzie, and Miss D. Waldron, cousin of the bridegroom. The fifth was Miss Juliet Piggott, niece of the groom, a little girl who made a charming picture in her Kate Greenaway frock in pale green satin with dancing sleeves to match and a wreath on her head. The two little pages also wore Kate Greenaway suits of green satin with shirts to match the bride's dress. The best man was Mr. Francis Piggott, nephew of the bridegroom.

The ushers were Mr. N. F. G. Donaldson, Mr. A. E. Leveson, Mr. P. Walt, Mr. R. G. Oxley, Mr. J. A. S. Piggott, Mr. R. Collin-Smith and Mr. F. R. Walter.

WEDDING MUSIC

They stood at the chancel steps—as lovely a picture as one could wish for, while Rev. F. H. Gillingham—in keeping with the intimacy of the service—gave the bride an appropriate address from the hymn of the steps, "so that," as he said, "everyone might feel they were taking part and not merely spectators." After the actual ceremony of marriage and the benediction, the bride and groom went forward to the altar rails while the choir sang the Psalm "I Will Lift Up Mine Eyes Unto the Hills." Then, kneeling, there came the hymn, "O Perfect Love."

LEAVE FOR RECEPTION

A few minutes later Mr. and Mrs. Piggott, the latter looking radiantly happy with a charming smile for everyone, came forward. They stopped to give an affectionate kiss each to Lady Piggott, who sat in her seat while the register was being signed. Then the organ pealed forth with the wedding march from "Lohengrin." The bride and groom entered their car and a long procession of guests' cars made their way to 54 Prince's Gate, the town house of Lady St. Cyres, sister-in-law of Hon. Randolph Bruce, for the reception.

The house is large but the crush was great as the long procession slowly made its way through the lofty rooms and inspected the lavish display of wedding presents.

MANY PRESENTS

There were hundreds of presents, silver and linen, furniture and china, lovely glassware and chandelier, and perhaps most admired of all a handsome silver teakettle from the Prince of Wales, with a cordial message written in the Prince's own hand and signed "Edward F." Sir George McLaren Brown, in a graceful speech, had warm words of appreciation for both bride and groom.

The bride, he said, had made for herself a very warm and permanent place in the hearts of thousands in British Columbia. By her charm and grace and sweet sympathy she had made herself the most beloved chatelaine of Government House at Victoria had ever known. Of the groom, his words were no less cordial. The groom, replying, said the only touch of regret he could feel was that he was robbing his uncle-in-law of a precious jewel.

A large crowd of sightseers lined the pavement as the happy couple drove away. Once again the pipers were to the fore with merry music and added to the gaiety of the final scenes of the happy occasion.

The bride's going away dress was an attractive costume of blue-flecked tweed worn with cornflower blue hat.

LUXTON AND HAPPY VALLEY

The Luxton and Happy Valley Women's Institute gave a courtly party on Saturday night at the home of Mrs. W. Heath, Happy Valley. There was a very good attendance of members and friends, including several visitors from Colwood. The first prize went to Mrs. Frances Jones and Mrs. R. Brown, playing as a gentleman. Mrs. Trace and Mr. Goodell won the consolation prizes. After the cards dancing was indulged in. Mr. D. Welch playing the violin. Refreshments were served by Mrs. Heath, assisted by the ladies of the Institute.

The regular monthly meeting of the Luxton and Happy Valley Institute will be held on Thursday evening, May 1, at the home of Mrs. Frank Goodell.

Old Girls' Association To Meet

The annual reunion of members of St. Margaret's School Old Girls' Association will be held on Saturday afternoon at 4 o'clock at the Empress Hotel. Following tea, the annual meeting will be held and officers for the coming year will be elected. It is hoped that all former pupils of the school and members of the association will make an effort to be present. The tea this year will take the place of the former luncheon held by the association, and a number of out-of-town members are expected for the event. There will not be a social gathering in the evening. Those intending to be present are asked to telephone Miss Helen Colman, 635R, Miss Helen Wilson, 1198, or Miss Barbara Bullock-Webster, 3697.

At Sunset Inn

Recent guests at Sunset Inn, Qualicum Beach, include: Mr. T. Pearson, Mr. P. G. Sells, Mr. and Mrs. G. A. Scott, Marian, Eleanor and Beatrice Scott, Mr. and Mrs. S. G. Adams, Mr. W. J. Field, Mr. A. Sketch Club

The close of the weekly indoor sketching meetings held by the Ladies' Guild for Sailors for the funds of the Victoria-Connaught Seamen's Institute will be held on Monday afternoon at a delightful tea and exhibition of the work of the members in sketching from models and still life. A special vote of thanks was passed to Mrs. Ball for her interest in providing the models for these meetings, which proved

both pleasant and profitable. The newly-elected committee for the coming season is as follows: Miss Woodward, convener; Mrs. Ball, treasurer; Miss Lettice, Mrs. Willis and Mrs. Press. Meetings will be held each week and already several invitations have been received for members to arrange sketching parties in some of Victoria's most beautiful gardens. The first of the series will be at "Clovelly," Quadra Street, at the kind invitation of Mrs. Woodward, on Monday next.

Miss Homer was in charge of the tea arrangements and the tea table was artistically decorated with carnations and narcissi, while quantities of Spring flowers were used about the room. Mrs. Blowers added greatly to the enjoyment of the many guests with a piano solo and recitations.

Benefit Concert

St. Andrew's and Caledonian Society held a benefit concert and dance recently at the A.O.F. Hall in aid of two members who are ill. Mr. D. Pye, president, was in the chair. Pipers J. Marrs and A. Pollock opened the programme, and the Misses Lea and Miss Warnock, instrumentalists, played a number of selections. Mr. J. W. Dobie sang solos, and Miss Madge Wallace danced. Miss Barr and Mr. Bell gave a number of vocal solos, and Mr. J. C. Sparks gave several recitations. Solos were also sung by Mr. R. Sneddon and Mr. E. Ruby. Gold badges were presented to past presidents during the evening, as follows: Messrs. J. Ewing, W. Kerr, J. Bruce, A. Bain, T. Wallace, J. Torrance, J. Grant, R. Balfour and W. White.

To Hold Tag Day

The annual tag day arranged by the Ladies' Guild for Sailors for the funds of the Victoria-Connaught Seamen's Institute will be held on Saturday, under the convener'ship of Mrs. McManus, assisted by Mrs. McManus.

DEBATE SUBJECT OF CONTROVERSY THROUGHOUT AGES

On last Friday evening the members of the C.G.I.T. and Tuxis departments of First United Church met in the Sunday school hall to hear their respective representatives debate for the junior challenge cup, donated by Mr. F. M. McGregor.

After a sing-song and brief opening exercises, the chairman introduced the debaters of the evening, who were Linda Smith and Grace Duncan, of the C.G.I.T., and Frank Stevens and Don Taylor, of the Tuxis.

The subject for debate, "Be it resolved that men raised amid poverty have contributed more to the world than rich men's sons," proved very interesting. In presenting the decision of the judges, who were Mrs. Gibson, Mr. Scovel and Mr. Chavo, the latter complimented the debaters very highly on the splendid presentation of their material. The C.G.I.T. representatives, who supported the affirmative, were awarded the decision.

During the evening Georgina Wilson sang very charmingly. "The Second Minute." A happy half-hour of games and sing-songs was held, after which refreshments were served.

TO HOLD RALL

Owing to the regular fortnightly meeting of the Bus Drivers' and Chauffeurs' Association falling on the same night as the grand ball under the same auspices, all members are requested to put in attendance with their friends at the new Shrine auditorium tomorrow at 9 p.m. sharp. Tickets may be obtained at the door.

Clubs and Societies

Cheminatus Girl Guides
The Cheminatus Girl Guide committee held its monthly meeting at the home of Mrs. Alec Work, on the afternoon of Monday, April 28. There were seven members present, the meeting being presided over by Mrs. Walter Porter, vice-president, during the absence of the president, Mrs. Ross. Mrs. G. Neal, the Brown Owl, gave her report regarding the recent concert given by the Brownies, the proceeds from this being \$55.54. Miss Enid Fraser, lieutenant, asked for two gold stars for herself, and for Acting-Lieutenant Miss Corrie Fraser. During the meeting the subject of the Summer camp was discussed, and it was decided that some form of entertainment must be given by the Guides to raise the necessary funds for the outing, the committee promising to back them in whatever they decide to do. It was decided that as usual the parents would each donate the sum of \$2 per child, while in camp for ten days, the committee to pay the same amount. Suggestions as to the form of entertainment to be given will be welcomed at the next meeting.

Silver Tea Held
Mrs. W. Hayllas, Trutch Street, was hostess on Monday afternoon at a silver tea arranged by the ladies of the Altar Society of St. Andrew's Cathedral, under the co-operation of Mrs. M. Doyle, with Mrs. H. Hartnell and Mrs. H. Cannon as her committee. The rooms were decorated with pink and mauve tulle, and a profusion of lovely spring flowers; the tea table, where Mrs. H. O'Leary and Mrs. H. Cannon presided, was artistically arranged with a large Easter egg of moss, with mauve sweet peas, narcissi and tulips. Mrs. Charles Wilson presided at the piano, and the evening was spent in the afternoon. Rev. Father C. E. Evans made the award of the large cake competed for and won by Miss J. Sweeney. Mrs. Blair Reid acted as treasurer, and almost the entire membership of the Altar Society and many friends attended.

St. John's Guild
A silver tea will be given in the rectory of St. John's Church on Wednesday afternoon from 3 to 5:30 o'clock, under the auspices of the Ladies' Guild and the Evening Branch of the Women's Auxiliary. The artists performing at this event will be: Mrs. Dowell, gold medalist singer; Mr. Joseph Moore, celebrated tenor, who will sing a group of English songs; Violet and Geraldine Mellor, two very talented young pianists, and Master Philip Booth, boy soprano. The proceeds will be for the new parish hall fund. A play will be given by the "Teen-age" Girls' Auxiliary on Friday evening in the

Wedding Is Solemnized at Somenos, V.I.

SOMENOS, April 29.—The wedding was solemnized on April 29 by Rev. W. F. Burns of Kaiti, only daughter of Mr. and Mrs. James H. Smith, Somenos, and Mr. Ralph Kennedy Bell, son of the late Mr. A. W. Bell and Mrs. Bell, of Victoria. Duncan United Church was beautifully decorated with Spring flowers and dogwood, the bride arch being arranged by friends of the bride. Mr. F. R. Dendon played Mendelssohn's Wedding March. The bride was given in marriage by her father and wore a gown of white satin and lace. Her veil fell from beneath a coronet of orange blossom and she carried a bouquet of roses and lilies of the valley. Kathleen Taylor, cousin of the bride, who wore a pink georgette dress and hat to match, was bridesmaid and carried a bouquet of lilies and sweet peas. Miss Muriel Anderson, niece of the bridegroom, was groomed in pale yellow flat crepe and hat and carried her bouquet of lilies and sweet peas. During the signing of the register, Mrs. Beasley sang "O Promise Me." After the ceremony a wedding breakfast was served at the home of the bride's parents. Mr. and Mrs. Bell received many beautiful gifts, among them a handsome set of silver from the Vernon Hospital staff, of which the bride was supervisor. The groom's gift to the bride was a white gold necklace and diamond pendant; to the bridesmaids, necklaces; to the best man, Mr. J. Morris Smith, gold cuff links. The couple left by car for Qualicum, en route to Kamloops, where they will reside; the bride traveling in white silk suit and grey tweed coat, with hat to match.

Mrs. Frank Green, "Greenlake," has returned after a few days' visit with Mr. and Mrs. H. March.

Miss Lomas has returned, after visiting her aunt, Mrs. H. N. Clague, in Victoria. Miss Thea Clague accompanied her cousin home, and will spend a fortnight visiting her aunt and uncle, Mr. and Mrs. E. S. Lomas.

On Thursday afternoon, Mrs. E. Keat entertained with two tables of bridge in honor of her house-guest, Mrs. A. A. Robinson, of Victoria. Mrs. Wallace Coburn won the first prize. Among those present were:

Will Be Married Today

MISS Ione Betty Gilmia, daughter of Mr. and Mrs. Frank Gilmia, of Victoria, whose marriage to Mr. Richard Ayshford Sanford, of Broadway Court, Worcester, England, takes place today at 2:15 o'clock at St. Michael's Church, Broadway. After the reception at Auction House, the young couple will leave for a honeymoon on the Mediterranean, going as far as the Ionian Islands. On their return the bride will be presented at court by Lady Methuen. The bride and groom will live at Shorter Manor, near Stratford-on-Avon, where Mr. Sanford is in the firm of his uncle, Sir Archibald Flower.

Island Social Notes

Ganges
Miss Theodora Parquhar, of Vancouver, is spending a week on the Island, the guest of Mr. and Mrs. Fred Crofton, of Ganges.

Mr. Kenneth Hailey arrived last Thursday at Ganges, and is visiting his parents, Mr. and Mrs. J. D. Hailey, of North Salt Spring.

Miss Nancy Elliot has returned home to Ganges, after a few days spent in Cowichan, the guest of Mrs. H. Norie.

Miss Van Becker, of Victoria, arrived on Saturday at Ganges, where she is the guest of Mr. and Mrs. Frank Crofton for a day or two.

Mr. W. A. Brown, of Quathlaqui, returned home on Saturday, after a few days on the Island, the guest of Mrs. Moorhouse, of Ganges.

Miss Betty Heley arrived from Vancouver on Monday, and will spend the summer at her home, "Sandal," North Salt Spring.

Mr. J. Moyle is the guest of Mr. and Mrs. S. W. Hoole, on St. Mary's Lake, Salt Spring, until the end of the week, when he will leave for Seattle.

Mrs. A. J. Head, of Cowichan, is spending a week or so on the Island, the guest of Mrs. B. McLevarty, of North Salt Spring.

Mrs. Charles McIntosh, of Ganges, accompanied by her nephew, Mr. Ted Chapman, left on Friday, flying to Ganges to Vancouver by seaplane.

The committee of the Ganges Football Association organized last week, in the Mahon Hall, a "hard times" dance, which proved a great success. The building was crowded, over two hundred dancers being present. Mr. H. Nichol acted as M.C. Major F. C. Turner presented prizes for the best and most suitable costumes to Mr. and Mrs. Ed. Lumley, a special prize being awarded to Mr. R. Howard. Major Turner also acted as a judge with Mrs. A. Elliot and Mrs. E. Maxwell. The bean-guessing competition was won by Mrs. Johnson, and the correct weight of the cake was guessed by Mrs. T. Gurney. The supper, supervised by Messrs. Desmond Crofton, W. P. Evans, H. Nichol and L. Mouat, members of the committee, was served to the guests while sitting in bunches on the floor, and singing popular songs. Haynes' Orchestra was in attendance and dancing was kept up until after 3 a.m.

At 2 p.m. next Saturday, May 3, the First Salt Spring Island Company Girl Guides will hold a fancy dress party in the Mahon Hall, for children of twelve and under. There will be prizes for the best costumes. Tea will be served and there will be candy and ice cream stalls.

Fashion Fancies

Style goes hand and foot, through the Spring mode. Because of the very diversity of fabrics employed and the intricate details of ornamentation, accessories are of new seasonal importance. The items sketched above reveal some of the latest accessory developments.

The beige suede gloves, for instance, are decorated by an unusual insert of pleated green suede which provides a slight flare above the wrist. A tiny bow of green serves to illustrate that even slippers and gloves have bows this year. Fabric bags are being shown in both dark and light colors, designed to complete the ensemble. One such is that at centre left of linen in light and dark blue, the darker shade being used for straps which close the bag by slipping through a metal slide. Black suede and crystal is an innovation, as shown in the bag at right. The crystal is used for the bar that ends in two round balls. The opera pumps are in navy kid and dark blue, with tabs and heels of beige snakeskin.

H. Robinson, of Los Angeles; E. G. Donegan, E. Patt, J. B. Walker, Norman Smith, Miss M. Downie, Mr. and Mrs. H. E. Peck and C. Gleen.

Galileo
Mr. and Mrs. A. Higgs spent Easter with Mr. Higgs, at the Haven.

Mr. Charles O. Alderis, of London, England, accompanied by Mr. and Mrs. F. Gray Alderis, of Victoria, have been spending a few days as guests of Mr. and Mrs. W. Miller Higgs, who entertained in honor of their guests at dinner last Thursday. During the evening many delightful vocal numbers were given by Mrs. Alderis, and Mr. and Mrs. A. E. Soones.

Mrs. New left for Vancouver, to attend the wedding of her son, Mr. D. New.

Miss Lillian Moore has returned, after visiting her parents for Easter.

Mr. Ronald Page was home for Easter.

Sidney
On Tuesday evening an open meeting is to be held by the Young People's Society of the Sidney United Church, when Rev. G. F. Pringle, of Victoria, will address the meeting on his reminiscences of the early days in the Klondike. In addition, a short programme will be presented. An invitation is extended to everyone interested.

Mrs. Catherine Jackson, who resides with her daughter, Mrs. H. H. Shute, is progressing favorably after a recent operation at Resthaven.

Sooke
Master Ian Raymond, of Victoria, visited Sooke over Sunday.

Mr. T. Little, Miss Lorden and Miss W. McGibbon have returned to Muford Inn to resume their duties on the teaching staff of the Sooke Superior School.

Mrs. W. Gains has returned, after spending several days in Vancouver. Mrs. J. Mether and Miss Eileen Mether, of Esquimalt, visited here during the week.

Miss Doris Acreman and Master Douglas Acreman, of Esquimalt, and Miss Gladys Acreman and Master Fred Acreman, of Victoria, have returned home after spending a week's vacation here.

Cumberland
Twenty-three tables were in play at the benefit whist drive held in the Memorial Hall on Saturday night. Ladies' prizes were won by Mrs. S. L. Robertson and Mrs. Buchanan; gentlemen's prizes going to Mr. To-bacco and Mr. J. Quinn. Following the serving of refreshments by an energetic committee of ladies, a dance attended by a capacity crowd was begun, which lasted until midnight, the Sunnyside Orchestra supplying the music.

Mrs. J. Baird and son, William, left on Sunday for Vancouver, where they will spend the next week. Mrs. G. Shearer and Miss Bella Baird motored to Nanaimo with them, returning the same day.

Archie Miller has returned to his home in Cumberland, after spending the past few months in Nanaimo. Over 200 Odd Fellows from various lodges on the Island were present.

Mrs. R. McNeil was hostess on Saturday evening at a merry children's party in honor of the tenth birthday of her daughter, Barbara. Games, contests and music were greatly enjoyed and an interesting impromptu programme rendered by the young folks. Lily Waterfield was winner of musical chairs, while Jessie Robertson and Gladys Brown captured prizes for the games. Lovely Spring flowers were effectively used to decorate the well-laden table and a birthday cake with ten bright candles formed the centrepiece.

Cheminatus
The many friends of Mr. S. Robinson will be pleased to learn that he has returned home and is making a speedy recovery, after his recent serious illness, during which he was a patient in the Royal Jubilee Hospital, Victoria.

Mrs. Bateman, who has been staying in Victoria, has returned to her home in Cheminatus. Mrs. Bateman was accompanied upon her return by her daughter, Mrs. Taylor, who spent the week-end in Cheminatus before returning to her home in Victoria.

Mr. and Mrs. Baker are holidaying in Vancouver.

Mrs. Baigent and her little son, who have been staying in Cheminatus for some time, have returned to Vancouver. Mrs. Baigent was the guest of her parents, Rev. E. M. Cook and Mrs. Cook, during her stay in Cheminatus.

Mr. and Mrs. White were recent visitors to Vancouver.

Mr. F. Sawyer was a week-end visitor in Cheminatus, returning to his home in Port Alberni on Sunday night.

Mrs. J. Russell Robinson was a recent visitor to Victoria. While in Victoria Mrs. Robinson attended the provincial annual convention of the I.O.D.E., a delegate from the Port Chapter, I.O.D.E., Cheminatus.

Mr. and Mrs. J. Sandford were week-end visitors in Nanaimo.

Mr. and Mrs. Casswell and Miss Blason are spending a few days holidaying in Vancouver.

EASTER PARTY
A most enjoyable evening was spent at an Easter party held at the home of Mrs. Doherty on April

There is New Richness and Flavor in—

Chase & Sanborn's FRESH Coffee in the New VACUUM Tin...

Chase & Sanborn's famous blend now comes to you, fresher than ever before, straight from the coffee roasters, sealed airtight in the New Vacuum Tin.

No wonder Chase & Sanborn's Coffee has been a household word in the Western Canadian homes for nearly fifty years—for Chase & Sanborn choose their coffees so carefully and make the blending of it such an exact science, that it is naturally the choice of those who like the best.

And when you open your Vacuum Tin, you will realize what air-tight sealing has done for this wonderful coffee. Small that tantalizing mellow flavor—the true freshly roasted flavor—the flavor that means real coffee... And then taste it... You'll never go back to the flat insipidity of unprotected coffee once you've used Chase & Sanborn's in the New Vacuum Tin.

TO MAKE GOOD COFFEE—We recommend the use of a percolator or a tricolator. If you use the ordinary pot, however, make it this way: Use a heaping tablespoon of Seal Brand Coffee to the cup. Put in the pot... add cold water. Let it stand awhile, even overnight... when ready, put on the fire... When it starts to boil, remove... let stand a few minutes—Serve.

CANADIAN NATIONAL RAILWAY

Let Us All Tackle This Job

It shows the road to real Prosperity

WE desire to associate ourselves with The Bank of Nova Scotia in their public spirited efforts to impress upon Canadian thought important aspects of present economic conditions in this country.

In the progressive upbuilding of a country like Canada there are some periods of reaction when adjustments must be made to meet new conditions.

The way to bring about improvement is to tackle the job and not spend time on postmortems.

The present situation appears to be largely a world-wide decline in commodity prices. The markets of the world are looking for lower priced products and materials.

Other countries are not as well favoured as we are. Canada's great natural resources place us in an enviable position to meet competition.

Canadian brains and initiative can find the way to adjust cost of production to the lower prices obtainable and still create a profit. It has been done before.

The drastic decline of commodity prices in 1920 to 1921 was followed by a period of great prosperity covering a number of years.

Canada is better equipped now than it was then to meet the situation, and provided the problems are tackled promptly and intelligently the period of readjustment need only be short.

What we do is more important than what we say. Let us buy and sell—build—go ahead—plan and work—keep the wheels turning to the utmost of our ability as individuals.

HOW TO USE CHEESE

In Europe, Asia, and even in South America, cheese is eaten very largely, in place of meat, while in America it is used somewhat as a condiment, being used for forming dishes or eaten in small quantities with crackers or bread near the end of a meal. Various cooked cheese dishes are served at after-the-theatre suppers.

It is such a well known fact that these cooked cheese dishes produce nightmares that one of our first weekly comic pictures published in America was about the adventures

Worry, Nervous

YOU, yourself, possess worry—more precious to you than any in museums. Guard them carefully with Calvert's Carbolic Dental Paste. It is usually effective for cleaning teeth, leaving them with the natural ivory whiteness that is their birthright, and giving a pleasant feeling of freshness to the mouth. You can obtain Calvert's Carbolic Dental Paste from your usual druggist.

met with in "Rarebit Dreams." It is unquestionably true that cooked cheese does not digest as readily as that which is not cooked, but part of the trouble is caused by the use of properly cooked meat and other starchy foods which are used at these late supper meals. The diner has perhaps eaten a hearty dinner three or four hours before, and the stomach is still laboring with the evening meal.

Many people who have had unpleasant experiences with these cooked cheese meals get to believing that cheese is bad for them and that it is an unhealthful food. Cheese makes an excellent substitute for meat, but should not be used in addition to meat. It is best to use plenty of leafy green vegetables with the cheese, and not use any other protein or any kind of highly starchy food at the same time.

The making of cheese in Europe must be considered an art, and requires great skill in order to produce and repeat a certain required flavor. In America cheese making has developed into a science, and there is little of domestic art about it. We now produce more cheese than any other country, but there is doubtless something lost which is found in the virtually home-made cheeses of the Old World. Those who can afford to buy so much of the imported cheese, and continue using a certain kind that has a certain peculiar flavor they like, will find that the cheese made in America is equally as wholesome and much cheaper in price.

The Cheddar cheese, named after the village of Cheddar, England, is much like our American York State or Canadian cheese. It is made from sweet milk, but the milk may be either whole, partly skimmed, or skimmed, and the cheeses may be white or colored yellow, and marketed either fresh or thoroughly ripened. The Camembert is a soft, rich cheese, which originated in Normandy, but is now also made in America. Cottage cheese or "Ricotta" is a soft, white cheese, which is usually eaten quite fresh, but may be packed away in tubs to prevent further ripening. An excellent cheese may be made at home as follows: Allow whole milk to stand in the icebox for about ten days. Pour both curd and whey which have formed into a bowl, beat with an egg-beater, pour into a sack-shaped cheese cloth, tie the ends with a string, and hang in the sun until all the whey drips away. This is something like the cottage cheese,

but being made with the whole milk has a richer flavor and is smooth, due to the fact that it is not so much amount of butterfat remains. Cheese made in this way is more easily digested than when the milk is partially cooked over the fire.

At The Playhouses

ROYAL Tonight the Gordon McLeod Players present "Her Temporary Husband," a screamingly funny comedy from the pen of Edward Paulson. If you are looking for an evening of unalloyed pleasure filled with laughter, you'll find it in this clever little play. There is also an unusual plot of great originality, and a nice love story thrown in. Both in London and New York this play was a tremendous hit and ran for a very long period. All the parts are important in a rather small cast, consisting of Lillian Christie, Claude Bailey, Gordon McLeod, Margaret St. Barbe, West, Roland, and George Durham. The play is produced by James McGrath.

VARIETY Variety audiences this theatre are finding the humor of "She Loved the Other Man," simply irresistible. Roars of laughter greet the popular Toby Latch Players in this outstanding farce comedy of modern youth and love. It is doubtful whether this group of talented variety players has ever presented a comedy more to the liking of Victoria audiences.

"She Loved the Other Man" quite lives up to advance notice of its superlative excellence. There is not a dull moment in it from beginning to end.

DOMINION That any goal can be attained if one doesn't lose hope is the belief of Polly Walker, beautiful leading actress in "Hit the Deck," now at the Dominion Theatre.

"For a long time I had wanted the song, 'Sometimes I'm Happy,' as a special number for my work," said Miss Walker, "and after three possible chances at last I get to sing it!"

COLUMBIA Any living "soudough" theatre who saw his "poke" melt in the glamorous Monte Carlo of Dawson City when the Klondike gold rush was in its height in 1898, is due to live again those wild hours he spent in the most magnificent gaming palace the near-Arctic has ever offered for the entertainment of mankind.

With the showing of "The Trail of '98," the great Metro-Goldwyn-Mayer production now at the Columbia Theatre, there will be some among the audience who saw this place when gold was king in the Northland and men fought, sweated and bled in their lust for the yellow metal.

PLAYHOUSE Ira Hards, dialogue director of "Guilty," the Columbia all-talking film based on circumstantial evidence, now showing at the Playhouse Theatre, with Virginia Valli and John Holland in the leading roles, has nearly forty years' stage experience to his credit. The Story Behind the Play

By J. J. GELLER

"THE RING OF THE NIBELUNG." "The Ring of the Nibelung" is not only one of the foremost of all musical works, but the longest. It consists of three complete operas and a prologue, which consumes more time than twelve hours of music. Richard Wagner, its composer, also wrote the text for the Ring, as well as for every other work to which his name is affixed as composer.

The Ring comprises "The Rhinegold," "The Valkyrie," "Siegfried" and "The Dusk of the Gods," and might be said to disclose the curious and colossal genius of the composer. Begun in 1848, it was finally completed with "The Dusk of the Gods" in 1874.

Richard Wagner, who sprang from humble origin, considered perhaps the greatest dramatic composer. All of his works have survived the barbs of criticism and today there is no question as to his genius. To be sure, his operas do not solve the enigma of man's doubts, persuasions, terror and mystery of life, but they are solidly packed with provocative ideas, allegories and philosophical reflections.

The man followed no path; he discovered originality every where he undertook to unravel. When Wagner first began composing the lurid school of Italian grand opera held sway majestically and he was first driven away from the influence. He turned his attention to a serious study of the Nibelungen legends. This was sometime during 1848, when he had just attained his thirty-fifth birthday.

The year was marked by a bitter revolution in Germany. Wagner had managed to receive a sinecure at the Dresden court, which provided for the mere necessities of life and gave him leisure time to pursue his musical studies. He wrote the libretto of an opera, "Siegfried's Death," and sketched the music. The revolution broke out in Germany and Wagner became embroiled in the political troubles. He was forced to flee and managed to escape to Switzerland, the haven of numerous political refugees and exiles.

"Lost Zeppelin" Is Antarectic Epic Picture

One of the year's most exciting talking and sound pictures is coming soon to the Playhouse Theatre. It is "The Lost Zeppelin," a Tiffany production, featuring Conway Tearle, Virginia Valli and Ricardo Cortez. "The Lost Zeppelin" is a combination of romance and adventure. The thread of thrilling romance follows the huge dirigible as it sails across regions, where there is a smashing climax. With everybody talking about Zeppelins and with ambitious North Pole plans for the giant Graf Zeppelin, this picture has tremendous interest aside from the absorbing story it tells.

In "The Lost Zeppelin," too, Conway Tearle gets his first big chance at talking pictures, and proves himself a talking screen actor of great ability. Tearle's voice registers just as it did on the stage when he shone as a matinee idol.

DESTROYER TO HAVE NEW HEAD

LIEUT.-COMMANDER HIBBARD TO TAKE OVER H.M.C.S. VANCOUVER

Warcraft's Chief Will Go to Defence Headquarters at Federal Capital

OTTAWA, April 29.—Lieutenant-Commander G. M. Hibbard, now serving in the Royal Canadian Naval Barracks at Esquimalt, is appointed to command H.M.C.S. Vancouver, dating from May 1, according to naval orders made known today from the Department of National Defence. Lieutenant-Commander Hibbard relieves Lieutenant-Commander R. W. Wood, who joins defence headquarters on June 1.

Lieutenant-Commander R. E. S. Leitch has been appointed to Esquimalt barracks for torpedo duties from May 23, on which date he is to be relieved in command of H.M.C.S. Armentieres by Lieutenant-Commander H. W. S. Scully.

B.C. IN LEAD

OTTAWA, April 29.—According to a Government return for the eleven months ending February 28, 1930, a total of 406,800 radio licences had been issued in Canada. Ontario has 20,241 receiving sets, Saskatchewan has 31,266, Alberta, 26,574, and British Columbia 34,426.

RICHARD WAGNER

Having written his tetralogy from end backward, he decided that "Young Siegfried" and "Siegfried's Death" required revision, and so they emerged eventually as "Siegfried" and "The Dusk of the Gods." And now that the massive libretto was finished, he began the music. In 1857, the first half of the Ring was accomplished. Then followed a lull which was brought about by the slow acceptance of his "Tannhauser" and "Lohengrin," which for seriousness and sheer novelty of style proved baffling to the public. Their lukewarm reception almost forced Wagner to abandon the Ring and the world would have lost a masterpiece. In fact, he laid it aside until 1869, during which time he wrote "Tristan and Isolde" and "The Meistersingers."

Due to the encouragement of the King of Bavaria the Ring was finally completed in 1874. To meet the requirements of this massive opera his patron sponsored the erection of the famous Bayreuth Theatre, and the first performance of the entire cycle took place on August 13, 16 and 17 of the same year. Thus the Ring was spread over a third of the composer's lifetime. Each opera revealed the musical development of the German Titan. If he had composed nothing else but the Ring, he would still tower over every one of his contemporaries.

Rough Seas Bar Rescue of Crew Of Lozon Maru

TOKIO, April 30.—The freighter Lozon Maru, en route to Yokohama from Otaru, Yezo Island, drifted on the rocks off Ibaraki prefecture today when her engine became disabled during a storm.

Steamers attempting to rescue the thirty-nine members of the crew were unable to approach owing to the high seas. The Lozon Maru, formerly the British Monarch, is a steel vessel with a net tonnage of 2,850 tons.

SEVEN FISHERMEN LOST OFF SPAIN

CORUNNA, Spain, April 29.—seven fishermen lost their lives today in the sinking of the fishing smack Maritima, which foundered off Point Candelaria after grounding during a dense fog. The boat had been smashed on the rocks by heavy seas.

Two sailors and the master of the vessel were rescued after heroic efforts by the crew of another fishing boat.

DAMAGE TO TUG BY FIRE LIGHT

CAPT. HAROLD ROBINSON IS NEARLY TRAPPED ABOARD DELLA C.

Explosion of Gasoline Torch Starts Ten-Minute Blaze in Harbor

Captain Harold Robinson, working aboard the Island Tug & Barge Company's forty-five-foot Diesel tug Della C., had a narrow escape from being badly burned at 10 o'clock yesterday morning when the engine room became enveloped in flames.

Captain Robinson was working with a gasoline torch which suddenly exploded, sending a spray over the woodwork and into his eyes. He rushed upon the deck and called for aid from the Dorothy, alongside, whose crew battered up the hatchways and sent volumes of live steam into the engine room of the burning craft.

Within ten minutes, when a fire engine arrived upon the scene, the blaze was completely under control. Damage consisted of burned woodwork and several broken pipes and at 2 o'clock in the afternoon the Della C. was running again.

RUSSIAN VESSELS NOT COMPETITIVE

Former United States Shipping Board Craft on Northern Routes

"The question of what the Soviet shipping authorities would do with the numerous steamers which they recently purchased from the United States Shipping Board, caused a good deal of uneasiness among the European shipowners who have been chartering their tonnage to Russia for the carriage of timber, but such ships of the purchase as have already been allocated have gone to other services and do not promise any increased competition," says The Journal of Commerce.

"The Lake Peninsula, which was lent round to Boston to be recon- ditioned after her sale, has now sailed for Vladivostok, and is to be followed by at least three of the five other steamers of the lake type which were included in the sale. These consist of all the lake ships remaining on the hands of the Shipping Board, many others having been previously sold to private purchasers, and a large number having been broken up when they proved unattractive. Those that are going to Vladivostok are to be used on the service between North Kamchatka and the Russian Far Eastern ports, helping to develop the Northern territories and moving a share of the huge limited salmon consignments which are shipped each year.

"Underwriters who have never been very comfortable about big British ships leading salmon in open roadsteads off Kamchatka will, no doubt, be rather relieved at this risk going to the Russian State Insurance Bureau, but it is rather interesting to compare the nine-knot ex-American steamers with the remarkable ships which the Russian Volunteer Fleet maintained on the Kamchatka run before the war."

SHIP SEIZED FOR SALVAGE COMPANY

Seek Sum of \$500 for Raising Spirit Here on February 3

On a claim of \$500 preferred by the Pacific Salvage Company, Mr. H. W. Grogan, marshal in the Victoria Admiralty District, has seized the fishing ship Spirit, at present tied alongside the Salvage King. Mr. H. W. Davey acted for the plaintiff firm.

Ballasted with scrap iron, the Spirit arrived off the Island Tug & Barge Company's dock on the night of February 28, leaking slightly. Early the next morning the craft foundered, taking Mr. Alexander McLean, her owner, to his doom. Messrs. M. McGrath and Orville McConnell managed to escape in the nick of time. The Spirit was raised by the Salvage King on February 3.

Fishing Vessel Found Bottom Up With Crew Gone

MARSHFIELD, Ore., April 29.—The fishing boat Vamoose was picked up today by the Umpqua coastguard, off Siuslaw Bar, riding bottom up in the surf. The owners, Messrs. J. B. Brown and O. B. Harkins, both of Empire, are believed to have been drowned. The twenty-six-foot boat was chartered to the Pellet Fish Company, of Marshfield.

ONLY EIGHTEEN SURVIVE WRECK

ONE HUNDRED AND NINETY-TWO DROWNED ON LOST FATED CONDOR

Passenger and Mail Steamer Goes to Doom in River Jamuna, Bengal

CALCUTTA, Bengal, India, April 29.—One hundred and ninety-two passengers aboard the steamer Condor lost their lives when that ship sank in the River Jamuna, in Eastern Bengal, the ship's owners said today. Only eighteen of the passengers were saved.

The disaster occurred about 5 p.m. Sunday, during a severe storm. The ship at the time was in an isolated district, from which news of its loss traveled slowly. She is now lying in about three fathoms of water.

The Condor was carrying mail from Serajgang Chat to Goalundo. No trace of the postal officials or the mail bags has been found. The ship belongs to the River Steam Navigation Company and was built in 1897 and rebuilt in 1926, leaving Calcutta last month, after being overhauled.

REGULATION OF GAS STATIONS PROVIDED FOR

City Council Gives Consideration of New By-Law Covering Private and Public Garages

SOME CLAUSES TO BE REDRAFTED

The Automobile Garage Regulation By-Law, 1930, which will adequately control the erection of garages, service and repair stations, was introduced at the City Council meeting Monday night. The Council spent over an hour considering the provisions of the measure in committee, and after approving the majority of the clauses decided to deal further with the by-law next week, when certain clauses which will be redrafted will be before it.

The by-law is to regulate the business of keeping public garages with a view to prevent fires and to regulate and provide for the storage and use of gasoline in public and private garages.

Public and private garages are defined in the initial clauses of the by-law. Provision is made that every ground or first floor (at the street or entrance level) of all buildings hereafter erected for the purpose of storing, painting or repairing automobiles, or for use as public garages, or private garages where more than two cars are kept or stored, shall be of concrete not less than four inches in thickness, and shall be held in position by concrete, stone, brick or steel supports, and no wood shall enter into the construction of any such floor or supports. All such buildings shall have a system of ventilation according to specifications set down in the measure.

All other floors above the ground or first floor of all public garages shall be of concrete with similar supports or ordinary mill construction designed and constructed to support a load of 125 pounds per square foot. No gasoline or oil shall be stored on wood floors.

STORAGE OF GASOLINE

One clause provides that there shall be at all times maintained in public garages chemical fire extinguishers, and no part of any building which is used as a hotel, apartment house, rooming or lodging house or office buildings or dwelling shall be used as a public garage. Not more than five gallons of gasoline in a sealed container may be stored inside of a private or public garage. Dealing with other methods of storing gasoline, the by-law states that all gasoline shall be stored in tanks outside of all buildings and buried in the ground, with at least three feet of earth on top of the tank. All storage tanks must be placed outside of the building at such distance as the Fire Chief may require.

The measure forbids the carrying of gasoline in open cans in public garages, and no gasoline shall be allowed to remain in any open can or receptacle in, upon or about any automobile garage. No gasoline shall be put into or taken out of any automobile where there is an open light, and all lamps on automobiles must be extinguished and the motors stopped before tanks are filled.

All repair shops shall be kept clean and the floor free from oil, waste and rags. All such rags and waste shall be kept in metal cans or receptacles covered with a tight-fitting cover.

A number of clauses were referred back for redrafting. A provision that there shall be at all times on duty in public garages a watchman whose duty is to prevent fires, was deleted.

Esquimalt School Sports May Take Place on May 23

With the parade on Victoria Day billed to start in the morning at 10:30 o'clock, the annual Esquimalt school sports, which are usually held in the forenoon of May 24, will be changed to some other date. The matter was discussed at last night's meeting of the Esquimalt Council and the majority of the councillors thought that it would be a good idea to hold them on the afternoon of May 23.

May 23 was the date selected by the councillors as Victoria, Saanich and Oak Bay schools held their sports on that day. The final announcements will be made tonight at a joint meeting of the council and school board.

CHARGES WITHDRAWN

H. G. Sadder and R. Taylor were arraigned before Magistrate George Jay in the city police court yesterday on charges of unlawfully and fraudulently obtaining lodgings at the Yale Rooms, 711 Johnson Street, between April 14 and 17.

Both accused pleaded guilty, but Mr. Horace B. Shaw, proprietor of the Yale Rooms, stated that relatives of the men had since paid for their lodgings, and he desired to withdraw the charges against them. He said he understood that both the accused had been out of work. Magistrate Jay said he would allow the charges to be withdrawn, but urged them to secure employment and not loaf around the city.

JURY TRIAL FOR ACTION GRANTED

Hearing of Damage Suit of Mrs. M. J. Grossman Against C.P.R. Is Set for May 12

Thursday, May 15, was the date set yesterday for the hearing of the action of Mrs. Margaret J. Grossman against the Canadian Pacific Railway for \$50,000 for injuries alleged to have been sustained in a fall from a staircase in the Empress Hotel here.

An application for a jury trial in the action was granted in Supreme Court Chambers before Mr. Justice Murphy. Mr. Herbert H. Shandley appeared for the plaintiff, and Mr. H. C. Lawson for the defendant company.

In her claim against the defendant company the plaintiff sets out that she was employed on August 20, 1929, as a waitress at the Empress Hotel. In going to a dressing room to prepare for duty, plaintiff alleges she fell from a staircase leading to the former laundry building, and sustained injuries which she contends have crippled her for life.

The claim is for \$3,500 special damages, alleged to be the cost of treatment received as a result of the injuries, and for \$50,000 damages in chief.

Quashes Conviction

Mr. Justice Murphy, in a decision delivered yesterday, quashed a conviction and six months' sentence imposed on Robert Rowan in the city police court, on the charge of a second offence of unlawfully selling liquor. Mr. Stuart Henderson was counsel for the defendant, who took habeas corpus proceedings in appeal from the conviction in the lower court.

An amateur actor, who had just concluded the part of Hamlet, said to an old friend who had been one of the audience: "Sell, old fellow, don't you feel inclined to congratulate someone?" "Indeed I do," replied his friend. "May I so far infringe on modesty as to ask his name?" enquired the vainglorious barn-stormer. "Certainly," retorted his friend. "His name is Shakespeare, and I heartily congratulate him on his unavoidable absence this evening."

Children Burned In Great Blaze At Minneapolis

(Associated Press)

MINNEAPOLIS, April 29.—Two children were burned to death and five other persons were burned or injured seriously in a fire that swept the Washburn Apartment Building on the edge of the downtown district today.

More than 100 persons were driven into the streets by the fire, which firemen estimated caused about \$50,000 damage. The dead are Lorretta and Lorraine Carl Berg, aged six and eight, respectively, daughters of Mr. and Mrs. Charles Carl Berg. They were trapped in their room.

Mrs. Carl Berg, severely burned and suffering from shock, was taken down a ladder by firemen and Carl Berg, also seriously burned, leaped from the window into a net held by firemen.

Others were hurt less seriously. Bride: "Was I nervous during the ceremony?" Friend: "At first, but not after the bridegroom had said 'I will'."

Perspiration odour... here's the plain truth about it

It is no secret that perspiration odour offends

In business as well as society, it is a serious handicap.

But do you realize that we are all subject to perspiration odour? That at times nearly everyone is guilty?

The warm weather—the active life we lead—the close daily association with others—all make perspiration odour particularly noticeable.

We must perspire—or die. Even on cool days our millions of pores continually give off invisible perspiration—often as much as a quart of waste every 24 hours.

The Danger of Offending Without Realizing It

Whether you see this waste moisture or not—it is always odorous, and

Our sense of smell quickly becomes deadened to an ever-present odour—but it's only too apparent to others.

It spares no one! Financier or labourer—society leader or servant—all may offend if they don't take precautions.

Nor, unfortunately, can we tell when we ourselves are guilty of unpleasant perspiration odour.

For once we become accustomed to an odour, our sense of smell becomes deadened to it. That's why even the most fastidious people—the very persons who think they are safe—are often among the chief offenders.

LEVER BROTHERS LIMITED, TORONTO

'Don't Risk Embarrassment

It's easy now to avoid perspiration odour. Simply wash and bathe often with Lifebuoy, the deodorizing toilet soap.

Just as its mild, antiseptic lather protects health by removing germs—so does it prevent perspiration odour by purifying pores.

And you'll be delighted to see how fresh and clear Lifebuoy's antiseptic lather keeps complexions. Like millions of others, you'll favour it for every toilet purpose.

Note Its Hygienic Scent

You will learn to love Lifebuoy's clean scent which proves Lifebuoy purifies, yet which evaporates after rinsing. Use Lifebuoy a week and you'll use it for life. Get some today!

FOUR WOMEN'S TEAMS ENTER SOFTBALL LOOP

Harmony, Lucky Scouts, Centennials and Standard Steam Laundry Will Field Squads

ENTRIES WILL CLOSE MAY 12

With the date for receiving entries still thirteen days away, four teams, including last year's champions, Bob Whyte's Harmony squad, have signified their intentions of competing in the Women's Softball League this season. At last night's meeting at the Y.M.C.A. the following teams filed their entries: Harmony, Standard Steam Laundry, Centennials and the Lucky Scouts. Entries will close on May 12, and any teams wishing to enter the league are asked to communicate with Ernie Stock, No. 5 Park Apartments, North Park Street. It is expected that the Axions and Rainbows, two of last year's contenders

will be starters for the 1930 honors. Last year the Harmony squad walked off with practically every piece of silverware that was put up. They held their first practice last evening at the Central Park, under the supervision of their manager and coach, Bob Whyte.

Greenkeepers' Match Won by Colwood Team

Skipper W. "Bill" Thompson and his squad of greenkeepers, representing the Colwood Golf and Country Club, scored a 16-5 victory over the Gorge Vale Club team Sunday, in the first match of the greenkeepers' interclub competition. The match was played at Colwood and some keen competition took place.

The next match will be played between Uplands and Oak Bay, at the Victoria Golf Club, on May 11. Gorge Vale will play their second match against Macaulay on the latter's course on May 18.

The scores, with the Gorge Vale players first mentioned, follow:

M. C. McPhail 0, H. Benson 3.
McPhail 1-2, C. Carnegie 2-1.
W. Gove (captain) 0, W. Thompson (captain) 3.
D. Gove 2, R. J. Nelson 1.
G. E. Foster 2-1, A. Rendie 1-2.
R. Chambers 3, F. Cockerton 0.

MONTREAL NET STARS SHOW FORM

Willard Crocker and Marcel Rainville Win First Two Matches at Canadian Cup Trials

SELECTION COMMITTEE TO NAME TEAM SOON

TORONTO, April 29.—Montreal lawn tennis players made a clean sweep today in the first three matches of a series of trials which will continue all week, enabling the selection committee to determine the personnel of Canada's team to oppose the United States on May 15 at Philadelphia in the first round of the American zone of the 1930 Davis Cup contest.

Already Dr. Jack Wright, Montreal, ranked No. 1 and Canadian champion, has been allotted a place on the team, as has Gilbert Nunn, Toronto, ranked No. 2.

Willard Crocker, No. 2 in the Dominion rankings, and Marcel Rainville, No. 7, were victorious in the first two matches.

Crocker defeated Leroy Rennie, of Toronto, 10-8, 9-7, 6-3, and Rainville won from Walter Martin, of Regina, 7-5, 6-4, 6-3.

HELEN WILLS MOODY ARRIVES IN FRANCE

CHERBOURG, France, April 29.—Mrs. Helen Wills Moody, American woman tennis champion, arrived here today aboard the Berengaria. She disembarked loaded down with tennis requisites, towels and baggage.

She told interviewers she was going to see the art exhibitions at Paris before she started her tennis campaign, and she smilingly quoted inquiries as to whether marriage may have spoiled her game, by replying that on the contrary, she was playing as well or better than ever.

EPSON, Eng., April 29.—Ruston Pasha, owned by Aga Khan, prince of the turf, raced into the limelight of Derby contention this afternoon by winning the Nonsuch Stakes, a race of four furlongs, in front of W. M. Cassel's Paradine Stingo, owned by D. M. Grant, was third, another three lengths back.

Ruston Pasha started at 15 to 2 against, second at 100 to 9 and third at 3 to 1. Seven horses ran, Robin Bobbin and Tetragem, Derby entrants, being the also rans.

The race was over the last mile and a furlong of the Derby course, which is a mile and a half.

Ruston Pasha is a well-bred colt by Son-in-Law out of Sosa.

CHOCOLATE CLEARED BY COMMISSIONERS

Ontario Athletic Body Gives Cuban Fighter Clean Bill After Investigation

TORONTO, April 29.—Kid Chocolate, Cuban featherweight, was given a clean bill by the Ontario Athletic Commission today after an investigation of charges that he had not fought his best against Johnny Erickson, of New York, here last night. The commission decided to turn over to Chocolate his share of the purse.

Referee Lou Marsh precipitated the investigation when he declined to issue a license with the two judges at the end of the fight. Marsh said the Cuban had failed to open up and give his best. Luis Gutierrez, Chocolate's manager, declared the Cuban had suffered an injured hand and could not fight his best as a result.

Dr. J. W. Barton, commission physician, reported that Chocolate undoubtedly had suffered injury to his hand.

Chocolate outpointed Erickson by a wide margin, but did not floor the New Yorker.

June 26—Ford versus Beggs.
July 5—Buick versus Beggs.
July 10—Dodges versus Ford.
July 15—Ford versus Buick.
July 17—Dodges versus Dodge.
July 22—Ford versus Beggs.
July 24—Dodges versus Buick.
July 29—Ford versus Dodge.
July 31—Beggs versus Buick.

All games will be played at Royal Athletic Park.

SOCCER HONORS AT STAKE TODAY

Hudson's Bay, With Draw Necessary to Give Them Championship, Will Battle Saanich

With their second straight mid-week soccer championship just around the corner, Hudson's Bay will be at full strength this afternoon when they oppose Teddy Hawkes' fighting Saanich United eleven at Beacon Hill in the only match carded. The kickoff is set for 2:45 o'clock, with Hewison handling the whistle.

In previous games these teams have gained about an even break. Today's match, with the championship of the midweek soccer league at stake, should be an interesting affair. The Bays only need a draw to give them their second consecutive championship, while a loss will create a tie between the departments and the sailors in the race for the Pendray Cup, and necessitate an extra game to decide the holders for the next two months.

Dick Shikat Wins

SPRINGFIELD, Mass., April 29.—Dick Shikat, recognized in thirty states as heavyweight wrestling champion, pinned Garibaldi to the mat here tonight with a half Nelson and croch hold after a series of flying mares that made Garibaldi so groggy he was forced to retire. Maitros Kirilengo, of Russia, defeated Tony Rocco, of New York, in successive falls.

Sioux City Heavyweight Will Meet Jack Gagnon in Attempt to Regain Ring Prestige

BOSTON "UPSTART" HOPES TO REPEAT

CHICAGO, April 29.—The big moment in the heavyweight championship career of Gerald Ambrose Griffith, the tough one from Sioux City, Iowa, arrives tomorrow night.

Griffith, rated as a leading contender for the heavyweight title until he was knocked out in a startling upset by Jack Gagnon, a Boston "upstart," in six rounds a month ago, will meet his conqueror in a ten-round engagement in the Chicago Stadium.

Griffith will attempt to prove he can bounce right back into the heavyweight scramble, while Gagnon, ex-sailor, professional football player and rough and tough fighter, knocked out six times himself, will attempt to advance to the big money and fame by repeating his victory.

ROSENBLUM TO BATTLE TONIGHT

Harlem Fighter Will Take on Larry Johnson in Ten-Round Brawl at Madison Square Garden

NEW YORK, April 29.—Madison Square Garden returns to its first love, boxing, tomorrow night, with a famous ring clown and a husky negro taking over the spotlight here for three weeks by the annual visit of the circus.

The principals are Maxie Rosenblum, the Harlem harlequin, and Larry Johnson, Chicago clouter, whose first engagement in the big battle pit resulted in the foul that was heard-round the boxing world. After Maxie had been sunk by a low smash in the sixth round, the New York State Athletic Commission put into effect the drastic Baumes law for foul fighters, a graduating scale of punishment that ends with life suspension for a fourth offender. The commission also secured legislation that permits a \$5,000 fine for low swingers. As a result, their hands being a foul or foul claimed in a local ring for six weeks.

Juvenile Soccer Teams Will Clash in B.C. Championship Match at Beacon Hill on Saturday

Maple Leafs, Vancouver Island juvenile soccer champions, will meet the Shamrocks, Vancouver titleholders, at Beacon Hill, Saturday, at 2 o'clock for the British Columbia championship. The Maple Leafs gained the title after Nanaimo Southern Foresters and will be out gunning for the provincial honors. The following players will turn out for the Maple Leafs: Stewartson; Neary and Graver; Essler, Lund and Douglas; Okeil, Fraser, Anderson, Tayme and Campbell.

Boston Bruins Win

LOS ANGELES, April 29.—In one of the fastest games in the current East-West ice hockey series, the Boston Bruins last night defeated the Los Angeles Richards, 8 to 3. The Bruins took an early lead, having a 4-1 edge at the end of the first period. One goal was added in the second period, and Boston entered the last session with a 5-1 advantage. Richards staged a two-goal rally in the final frame, while the Bruins added three more goals.

The Boston Club is matched against the Chicago Black Hawks on Thursday and Saturday nights this week.

Hagen Faces Unique Experience At Diegel Tilt With Mitchell

Sir Walter Will Be in Gallery, But at That He May Give
Leo Some Valuable Assistance

It will be a strange experience for Walter Hagen to be a member of the gallery when Leo Diegel and Abe Mitchell clash in England this spring in their so-called world's championship golf matches. Then he will regret more than ever before, his defeat by Diegel in the P.G.A. championship in California last fall.

Hagen was so many years ago professional match play champion that his "championship" matches with George Duncan and Abe Mitchell came to be looked upon as fixtures by the British public. Hagen being Hagen, these annual tilts attracted a terrific amount of attention.

There is only one Sir Walter and the question arises: Will Diegel be a worthy successor to him as our representative against the British champion? I am speaking of Leo not merely as a player, but from the viewpoint of picturesque and gallery attraction.

The question can be answered in the affirmative. It must be remembered that on the last visit of the American Ryder Cup team to England, Leo was a big sensation. He did not win the championship, but he played a number of brilliant rounds, and his unusual putting

Worcester, Mass., he and Bobby Jones were paired in the first round. Hagen shot a seventy-two, but Bobby took a seventy-seven and began to worry about his showing.

"I don't know what is the matter," he said.

"If you really want to know, I can tell you," replied Walter.

"What is it?"

"You're stopping your club after you hit the ball."

"Is that it?" said Bobby.

Whether Hagen was right, this witness knows not. But considering that Bobby was the menace of all professionals—Hagen most of any—his gesture was that of a real sportsman. And Bobby shot a seventy that afternoon. He ultimately tied for the championship, but lost the play-off to Willie Macfarlane.

Diegel always has had a high regard for Hagen. As a matter of fact, when he first broke into tournament golf Walter gave him a lot of good advice.

"Walter was then attached to a Detroit club," says Leo. "I grew up there and, when I began to get a reputation, often played with him. I learned a great deal from watching him. Then he gave me a lot of good tips, too."

form so amazed our cousins that they could never get done talking about him. Indeed, vast numbers of young Britons resolved to emulate him on the green, even though this meant discarding the teachings of centuries. You see, although Leo's method was unorthodox, he was holding his putts all sorts of times.

Additionally, Leo's driving stance provided a topic for intense discussion. And, to top everything else, the manner in which he charged about the course, as if driven by some inward, tormenting monster, quite fascinated everyone.

Taking these circumstances into consideration, together with the fact that for two years hand running Diegel had conquered Hagen in our professional match play championship, it is certain that the ensuing tilts with Mitchell will command the rapt interest of the whole British golfing public.

Occupying the unprecedented position of a mere bystander, it is certain that Hagen will give Diegel every moral aid in his power, and perhaps some practical assistance in the way of advice and suggestion. Although a hard-boiled campaigner, Sir Walter is a very good sport.

United States Team for British Invasion

ABOVE are six of the prominent women golfers who have accepted the invitation to represent the United States in the international golf matches against Great Britain. There are fourteen experts in the band which will join Miss Collett in the invasion of London, where the first of the international team matches will be played on May 1. The names of the golfers are shown under each cut with the exception of the lady at the lower left, who is Miss Helen Hicks.

EIGHTEEN-HOLE MATCHES

Before sailing this afternoon for the bleak and often windward terrors of Sandwich, St. Andrews and Hoylake, Bobby Jones admitted that the toughest test both he and the rest of his team faced on the trip ahead was due at St. Andrews in the British amateur.

"The Walker Cup matches," he said, "are all at thirty-six holes and that gives you a chance to start just a little raggedly and catch up later on. This applies to the singles as well as the foursomes. There are seventy-two holes ahead of you in the British Open at Hoylake and you can make your share of errors and still have a lot of ground left in which to recover."

"But in those eighteen-hole matches at St. Andrews, where the amateur championship takes place, the tension is terrific, for you have the feeling that if you get behind you may run out of holes before you can get going again. It is all mental, or psychological, I know, but don't forget that is a big part of golf."

"For example," he continued, "take my eighteen-hole match with Johnny Goodman. An iron shot that barely missed the green at second, a good putt for a birdie by Goodman at third and there I was down to a good golfer with only fifteen holes left. I felt as if the roof had fallen. But with thirty-three holes left I would never have thought about losing the first three. I know that is all in the game, but at the same time you've got to figure in a short match that luck can play a big part, where it would not figure in a longer test."

"I recall a match at Hoylake where Quimet missed two fairly short putts, his opponent holed two long ones and Quimet was four down at the fourth hole. He lost on the home green for a man he could have beaten at least 5 and 4 in a thirty-six-hole match, even after losing the first four holes. I always have the feeling in an eighteen-hole match I can't afford to make a single mistake, and I know I am not that good."

THE HIP-POP FOR OLD BARNEY

No one had much to say about Washington in the American League race this year. It was all Philadelphia—New York, Detroit and Cleveland.

But Walter Johnson has his Senators sleeping along and no one team has more faithful supporters all over the country. They are pulling for Old Barney to put one over, just as a year ago most of them pulled for Connie Mack.

The speed king had to wait seventeen years to get into a world series and they don't want to see him held up that long again. For all that it will take some alight of hand stuff to keep the Athletics back in the rut much longer. In one way and another they have too many ball players. Especially pitchers and hitters.

A TIGHTER PACE

There will be no wild Cub gallop away from the rest of the pack this season. The Cubs, with Hornsby right, still figure to slip by, but the margin will be much thinner than a year ago.

Both Giants and Pirates are better ball clubs than they looked to be through the training season and teams such as Brooklyn and Philadelphia will bother a lot of them all through the year.

The early prediction that baseball was facing a boom year has already been proved by the April rush for the turnstiles. These early crowds have been the best in baseball history in spite of poor weather. There is a much keener general interest all over the country and with two fairly close races there is no question but that every old attendance mark will be broken before the first of another Fall settles on the stubble.

SARPOLIS HOLDS LEWIS TO DRAW

Heavyweight Wrestlers Take Fall
Each in Tacoma Bout—Turk
Mat Man Defeated

TACOMA, April 29.—Dr. Karl Sarpolis, of Cleveland, and Ed "Strangler" Lewis, former heavyweight wrestling champion of the

world, wrestled eight rounds to a draw here tonight.

Lewis obtained the first fall in the second round with a series of headlocks, while Sarpolis obtained a fall in the eighth and final round with his famous flying scissors.

Ted Thye, Portland light-heavyweight, defeated Kara Pasha, of Turkey, in the five-round semi-final while Des Anderson, of Seattle, defeated Billy Coggin, of Tacoma, in the three-round opener.

The proprietors of two rival livery stables, situated alongside each other in a busy street, were having a lively advertising duel. One of them stuck on his office window a long strip of paper bearing the words: "Our horses need no whip to make them go." The ink of sarcasm naturally caused some amusement at the expense of the rival proprietor, but in less than an hour he neatly turned the tables by pasting the following retort on his own window: "True! The wind blows them along."

Some British golfer may hook Bobby Jones at St. Andrews, but if this happens there are still seven other able amateurs to look after Jimmy Johnston was good enough to win the United States title.

George Voigt was good enough to carry Johnston to the thirty-ninth green.

George Von Elm has been one of the star amateurs of golf for many years. Quimet, Willing, Moe and McKenzie are good enough to go a long way. There is some fear now in British circles that two Americans will dominate the final round. That can easily happen if the draw doesn't place too many of them in one sector.

LEO DIEGEL'S INVASION

Leo Diegel, the P.G.A. champion, is carrying out a lone professional invasion. He is going over to tackle Abe Mitchell, the star match play golfer of Great Britain, to settle the matter of proving the world's professional match play champion.

Leo is taking fifty-seven clubs, including eight putters across to night, and that should be enough. A year ago Diegel slaughtered Mitchell with two smashing rounds, one of them being around 65. He hopes that no such cyclone will blow his way again. The British veteran is a great golfer, especially strong in the long grass, where he has been the best in Great Britain for many years.

Diegel is only one of many United States professional stars who will tackle the British Open at Hoylake. Macdonald Smith, of Lakeville, is sailing Saturday and there is a strong chance that Tommy Armour, Johnny Farrell and Gene Sarazen will sail shortly afterwards. The lure of tackling Bobby Jones is one of the main incentives. He may be tough on the bunker, but there is where the greatest credit comes in case of victory.

Jimmy Slattery, of Buffalo, the light-heavyweight boxer, is worried a lot about the outcome of the Johnson-Rosenbloom battle tonight. The Buffalo entry is confident that he can take either. But it so happens that neither one is any too easy to surround and capture, being above the general average of the present game.

Over in India they are burning linen and in the United States Senator Canner would like to have the torch applied to all towels.

If You Have RHEUMATISM
If you are looking for relief from the agonizing pain, dull aches and pinched joints caused by rheumatism, you will find a friend in Deane's Rheumatic Compound. Hereafter it has been sold entirely by mail, but in compliance with the request of many British Columbia customers who are anxious to obtain it nearer home, the Vancouver Drug Co. has arranged to supply this remedy at their stores. EMBARRASSING MOMENTS

A clergyman went out with a boatman to try his luck at deep-sea fishing. They were a long way from shore when a sudden squall blew up which seemed likely to overwhelm the small craft.

"I wish I had been a better man," groaned the boatman, as he strove at his oars.

"And I wish I had been a better swimmer," remarked the clergyman, thoughtfully.

"A man quiets down as he grows older," observes a psychologist. He has more to keep quiet about.

IT FILLS STADIA

In the January 25th issue of the Saturday Evening Post, John R. Tunis says this about daily newspapers:

"The thing that has made football what it is to-day, that has pushed it into the front wave of sports in the United States, is the press. Newspaper publicity fills stadia, and don't you forget it."

And daily newspapers fill more than football stadia

They fill manufacturers' pockets and retailers' cash registers with the proceeds of the sales of those products which are in constant demand because they are consistently advertised in the daily press.

It is daily newspaper advertising that keeps this brand of tea or that make of cereal in the "front wave" of consumer preference.

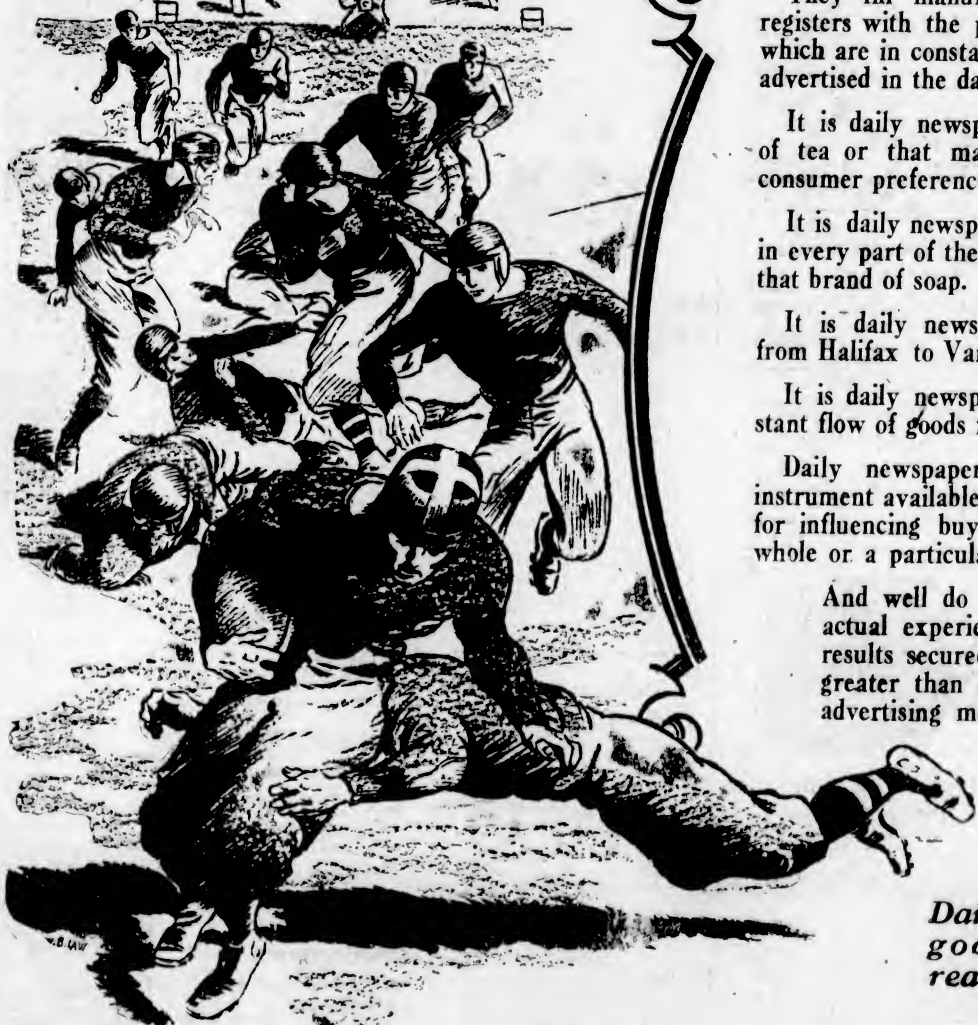

It is daily newspaper advertising that leads housewives in every part of the Dominion to buy this make of soup or that brand of soap.

It is daily newspaper advertising that influences men from Halifax to Vancouver to buy this razor or that collar.

It is daily newspaper advertising that maintains a constant flow of goods from maker to merchant to consumer.

Daily newspaper advertising is the most powerful instrument available to manufacturer, distributor or retailer for influencing buying habits—either of the nation as a whole or a particular section of it.

And well do they realize it because years of actual experience have shown them that the results secured from daily newspapers are far greater than can be obtained from any other advertising medium.

Daily newspapers sell most goods because they are read by most buyers.

SCHOOL BOARD HEAD TO OPEN ANNEX TODAY

Magistrate Jay Will Officially Open at Sir James Douglas School

ENTERTAINMENT IS SET FOR TONIGHT

Magistrate George Jay, chairman of the Victoria School Board, will officially open the new auditorium at the Sir James Douglas School at 8:30 o'clock this afternoon.

The new school annex, which has a seating capacity of 500 persons, was recently completed at a cost of approximately \$7,500. Part of the lighting and other fittings were furnished through the co-operation of the Parent-Teacher Association of the school.

At 8 o'clock tonight, the Sir James Douglas School Parent-Teacher Association will stage the first concert in the new auditorium.

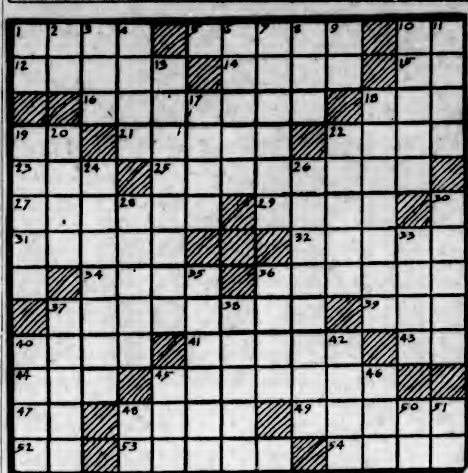

It is expected that a large rally of parents and teachers, as well as many other citizens in the Fairfield district, will be on hand today for the opening ceremonies, and for tonight's entertainment.

City Council of Vancouver Fills Assessor Office

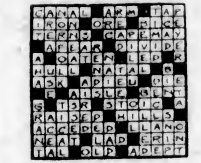

VANCOUVER, April 29.—The city council has recently appointed Mr. J. W. Allan to the post of city assessor commissioner. He succeeds Mr. H. J. Painter, retired. Mr. Allan will assume his duties on May 15. His salary will be \$4,000 per annum. He will be chairman of the civic assessment commission.

Members of the commission were also named this morning. They are Mr. C. Green, former South Vancouver assessor, and Mr. John Clements, who was in charge of assessments in Point Grey prior to amalgamation of that area with the city. Both commissioners will be paid \$3,500 a year.

OAK BAY FRIENDLY HELP MAKES REPORT

President Acknowledges Assistance of Various Friends in Relief Work

The Oak Bay Friendly Help, as shown by its annual report for the year ending December 31, 1929, assisted seventeen needy families during that period, and at Christmas distributed seven hampers and 14 tons of coal. The president wishes

to thank the following persons, who so kindly donated cash and clothing to the society during the year.

Cash—Mrs. Turkey, Mrs. Nicholson, Oak Bay Police Department, Mrs. Pethorn, Mrs. Campbell, Mrs. Parnell, Mrs. A. T. Goward, and the Army and Navy Veterans of Canada.

Clothing—Mrs. Finch, Mrs. Nicholson, Mrs. Nunna, Mrs. Curtis, Mrs. Hare, Mrs. Garland, Mrs. Barton, and Mrs. Shrapnell.

They were also due to the people of Oak Bay for their generous donations, to the Oak Bay Eastern Star Lodge for supplying four families with fuel at Christmas, to the

St. Mary's A.Y.P.A. for supplying two hampers, to the St. Mary's Girl Guides for supplying one hamper, and to Mrs. S. A. K. White and Mrs. Mayhew, also for supplying hampers at Christmas.

Donations of cash and clothing will always be thankfully received by Mrs. W. J. Goppel, president, 1538 Monterey Avenue, Oak Bay.

Else, "What do you mean by saying that Clara is more or less pretty?" Harry: "Well, she's more pretty than most girls, but less pretty than you!"
